

THE FIG TREE GENERATION

WAS JESUS CRUCIFIED ON A WEDNESDAY?

Is the Tribulation Period Start Year based on the Jubilee Count

by Luis B. Vega
vegapost@hotmail.com
www.PostScripts.org

This will be a compound study, commenting on the Fig Tree Generation in relation to the Start of Daniel's 70th Week. Then one will comment, if Wednesday was the actual Day of the Week Jesus was crucified. Then one will presumably consider when the Tribulation Period begins, given the Jubilee Year Count. So, on 1 Occasion when Jesus traveled to Jerusalem, He encountered a Fig Tree. He examined it to see if it had any Fruit because it was the Season to bear its Fruit and He was hungry. It was Summer.

The Fig Tree did not have any Fruit. But it was all 'Green' and Pretty to look at. And? The Fig Tree failed to deliver what it was created to bear. Having that Condition and Disappointment, Jesus then proceeded to Curse the Fig Tree. This Event is found in Matthew 21:18-22. Prophetically, such was the Condition of Israel. Many Bible Students are convinced that Israel is portrayed as the Fig Tree. And? Well, realize that Israel is still under a Curse and Judgment that also involves a Measure of Spiritual Blindness.

*And He told this Parable: A Man had a Fig Tree planted in his Vineyard, and he came seeking Fruit on it **and found none**. And he said to the Vinedresser, 'Look, for **3 Years** now I have come seeking Fruit on this Fig Tree, and I find none. Cut it down. Why should it use up the Ground?' And he answered him, 'Sir, let it alone this **1 Year** also, until I dig around it and put on Manure. Then if it should bear Fruit next Year, Well and Good; but if not, you can cut it down'. -Luke 13: 6-9*

This is where the Fig Tree Generation becomes interesting in that it points to a Summer Harvest. Also, it appears to synchronize with the Year 2025. How so? Israel had its 77th Year Anniversary in 2025. If a Generation is 80 Years per Psalm 90, then note.

80 Year Generation + 4 Years for Fig Tree to bear Fruit = 84 Years

1948 Israel 'Reborn' as Fig Tree + 84 Years = 2032 (Return of the Vine-Owner - Jesus)

If one then adds the Last Sabbath of the Land that Israel still owes YHVH, that is the 70th Week of Daniel, then it is a Year Factor of 84 years. This Equation also is in-sync with the Anna Code of 84 Years. It would make 2032 the Year the Believing Remnant of Israel will be saved and see Jesus as Anna did in Luke 2:36. The Fig Tree is also a Prophetic Time Marker of when that Curse and Blindness is to be removed, presumably. This has to do with what many call the Fig Tree Generation. Since when?

1948 + 77 Years = 2025 + 7 Year Tribulation Period = 2032 (Return of Jesus?)

Jubilee Count

So, if 2032 is the Return of Jesus, then sometime in 2025 is when the 70th Week of Daniel is to begin. This is the Theory. But did the Jubilee Year Count, in some manner, also get synchronized in 2025 since 1948? That is when Israel 'rebutted' like a Fig Tree and became a Modern State. It has returned like Ezekiel foretold, although regathered in the Promised Land in Unbelief. So, as Israel entered the Promised Land, was that when the Jubilee Year Count started? No, in one's Estimation.

Now Leviticus 25:2 appears to be the Day when the Land Sabbath Count is to have begun the Jubilees. One's Point is that the Decree was established but not started until 7 Years later from the Command. The issue was or is, when was the Decree actually implemented or started? The Argument is that the Land Sabbaths occurred only after Israel cleared the Land, 7 Years Later from the Crossing of the Jordan River, etc.

For Modern Israel, it would correspond to 7 Years after 1948 or 1955. But if one applies the Law of Trees, then it becomes 1952. This is based on when the Fruit of the Trees would be Kosher to harvest, in the 4th Year, etc. However, most Bible Students presume that 1948 is the start of this Fig Tree Generation Countdown, in relation to the Jubilee Count. One has presented the Alternate Interpretation, based on Leviticus 19:23-25. The more correct Start Year is based on the Law of Trees, as mentioned.

It is based on when the Israelites started to plant Crops and Trees once the Promised Land was conquered, etc. It is not based on the exact Year that the Israelites crossed the Jordan River into the Promised Land, in one's Estimation. Thus, the Fig Tree Generation did not start until 1952, not 1948 when Modern Israel was 'Reborn'. However, one is more convinced that that the Jubilee Year Count is 'Off'. Rather, one should be incorporating a 70 Year Countdown from 1952 instead.

1952 + 70 Years + 1 Sabbath of 7 Year = 2029

The Year 2029 is what one is convinced will be the Mid-Point of the 70th Week of Years. It is where the Abomination of Desolations occurs. Perhaps. But the subsequent 3.5 Years or 1260 Days that remain will complete Daniel's 70th Week of Years. If so, then the Year 2032 would correspond to 32 AD. That is the Year one calculates is the correct Crucifixion Year, etc. Now, is there any Scripture Reference alluding to or pointing to how Jesus had to be crucified on a Wednesday? Yes.

*Then GOD made 2 Great Lights: the **Greater Light** (Sun) to rule the Day, and the **Lesser Light** (Moon) to rule the Night. He made the **Stars** also...So the Evening and the Morning were the **4th Day**. -Genesis 1:16-19*

One has argued that in 32 AD, Passover was on a Wednesday. If one applies the Creation Template, the 'Midst' of the Week corresponds to the 4th Day. And that is when the Sun and the Moon and Stars were fashioned. These 3 Bodies played a Prophetic Role on that very Day of the Crucifixion, as one has presented how it fulfilled the Prophecy of Joel. It was how the Sun turned Dark and the Moon turned to Blood and the Stars came-out at Mid-Day. This all occurred in the same 24-Hour Period.

Prophecy is Pattern

One's Theory about when the Start of Daniel's 70th Week begins, is predicated on when the Start of the Daily Sacrifices occurs. This is what constitutes the whole 2520 Days of Daniel's 70th Week. It is essentially the 7 Year Tribulation Period, etc. Perhaps 2025 was the 70th Jubilee that is to 'Dove-Tail' with Daniel's 70th Week. The Year Count that was determined to have been on Nisan 10 in 32 AD was corroborated in how the Research of Sir Robert Anderson was used to determine that Nisan 10 was the Date of the Triumphal Entry of Jesus. **This Day was called Shabbat HaGodal.**

One agrees with this Date, but not the Day of the Week. This Aspect of the Calculation is the only Piece that one is in agreement with. Anderson used the current Gregorian Calendar without factoring the Accurate Conversion Formula. In one's Calculation, the Days of the Week are 'Off' by 2 Days, based on one's Research that has been present already etc. The Crucifixion Passover was not on a Monday, but a Wednesday when factoring the Julian Calendar Conversation. Now HebCal, which is based on the Hillel II Calendar does have April 14 as being on a Wednesday. However, the Feast of Passover is still correlated to a Monday, making it April 12. Again, a 2 Day Discrepancy.

What is missed or based on an Error is that in 32 AD, neither the Gregorian nor the Hillel II Calendars existed. However, one has attempted to show, from limited Research that in the Year, -445 BC, there was a 13th Month or Adar II (Adarannu). This re-calibrates the Months to account for the Discrepancy of being 1 Month 'Off' from Sir Anderson's Calculations, etc. In using the Sir Anderson Timeline, it does not account for this 13th Month and thus presumes Nisan in March, not in April.

Even the Torah Calendar has Nisan 1 or April 1 in 32 AD being when Nisan 1 occurred and was in-sync with the New Moon, etc. Nisan could not have been in Mid-March. The Nisan 10 Proponents used Solomon's Reign to calculate their Year Count. The Range is from -970 to -931 BC. Amazingly, there is no Consensus Date., it is all hypothesized. Then, for example, the Jewish Virtual Library has -967 BC as the beginning of Solomon's Reign. Other Researchers claim that Solomon lived from -848 to -796 BC.

As To the Command to 'Rebuild Jerusalem?' One has addressed this issue of what Decree is the one inferred by Daniel? Out of the 4 Major Decrees given initially by Cyrus, then Darius and then Xerxes I, it was the Son, that of Xerxes II, the Son of Esther that is the only one linked to the rebuilding of Jerusalem. All the others dealt with rebuilding the Temple. And one has presented how it was in -445 BC that the Decree was made during the Spring Equinox. That is when the Ancient Babylonians and Assyrians determined their New Year.

Then the majority of Scholars propose that Israel entered the Promised Land sometime from -1400 BC to -1260 BC. Furthermore, there is another Discrepancy in that the Hebrew Bible states that there were 480 Years from when the Israelites left Egypt to when King Solomon started building the 1st Temple of YHVH. And? One doubts that the Crossing Year of -1406 BC is correct. One has suggested -1448 BC instead. Then realize that the Greek Septuagint uses 440 Years. There is a 40 Year difference.

Jesus fulfilling the Fall Feasts, Prophetically?

So, the Point is that there is a lot of Confusion in attempting to calibrate the Julian Calendar. However, the Orthodox Church still uses the Julian Calendar. But they too have adjusted for the 10 Days that the Vatican implemented in 1582. Then the Hillel II and the Torah Calendars are Lunar Based. The Julian and the Essene Calendars are Solar based, and not by Moon Phases or the Sighting of the Moon's Slivers, etc. One could be wrong but one's point is to show how the Decree, although correctly being given on a Nisan 10, is not when the Jubilee Year Count actually started.

Jewish Calendar for April 32 AD

<https://www.hebcal.com/hebcal?v=1&year=32&yt=G&i=off&maj=on&min=on&nx=on&mf=on&ss=on&mod=on&lg=s&c=off&geo=none&zip=&geonameid=&city-typeahead=&b=18&M=on&m=&ue=off#cal-0032-04>

As noted, one has presented the Astronomical Evidence that the Crossing of Israel into the Promised Land took place in -1408 BC. This was due to the Blood Moon of the Exodus, 40 Years prior in -1448 BC. But here is the main Problem with the Tribulation Period having to have started in April 8, 2025. If it did start on April 8, 2025 and the Tribulation Period is exactly 2520 Days, then it means that exactly on its corresponding Nisan 10, in 2032 is when it concludes and then Jesus is to return. And?

Well, if one does the 2520 Day Count from April 8, 2025, the End Date would be precisely March 2, 2032. So? This is not Nisan 10. Nisan 10 in 2032 is 20 Days later on March 22, 2032. Ironically, it is the 322 Skull and Bones Number. Thus, if one subscribes to the Prophecy of the Menorah Pattern corresponding to the Feasts to be fulfilled by Jesus, it means that Jesus will not return in the Fall to complete Yom Teruah, Yom Kippur and Sukkot, prophetically. Rather, that Jesus returns, not even on the Spring Feasts but before that. It just did not make sense.

But consider that one is presuming that YHVH is working His way through the Menorah Typology of Prophecy as depicted in the 7 Feasts. If one accepts this Template, then Jesus cannot repeat the Spring Feasts in which He was sacrificed, crucified and resurrected, etc. Here is one's further Arguments. If the case is that the Jubilee Year is to be determined the Year that Israel crossed into the Promised Land, then in 1948, when Israel 'crossed' into the Promised Land should have been when the Tribulation Period should have started. If 'Prophecy is Pattern', then the 70th Week of Daniel should have started there and then. Why did it not?

1 Passover – Jesus was the Last and only Sacrificial Lamb for Humanity's Sin.

2 Unleavened Bread – Jesus was as the Afikomen, buried and hidden.

3 First Fruits – Jesus resurrected 3 Days later, 1st Resurrection.

4 Pentecost – Jesus sent the Holy Spirit and initiated the Church Age of Grace.

5 Yom Teruah – Jesus returns in the War Cry of Trumpets and defeats AntiChrist.

6 Yom Kippur – Jesus is anointed and crowned King of the Jews and the World.

7 Sukkot – Jesus dwells among His Brethren, prepares for Sheep and Goat Judgment.

Jubilee Count

That is one's Point and again, it is only how one is interpreting it. It can very well be the case but one highly doubts it. Consider the Prophetic Pattern that perhaps many are familiar with. There are enough Clues to piece together a general Sequence of Events pertaining to the Return of Jesus that it will occur during a Fall Feast Sequence. So, the Nisan 10 Theory of the Start of the Tribulation Period was essentially asserting that Jesus will need to return on a future Nisan 10, as He did the 1st Time. Not so.

One has not heard of this Scenario before in over 40 Years of End Times Research. One is not in Agreement. Such Nisan 10 Proponents attempted to fit a Timeline based on Data Points that one showed are flawed. That is all. And because of that Miscalculation, in one's Opinion, it casts Significant Mathematical Doubt that their Timeline that strongly suggested it would not come to pass, as it did not. In one's Estimation, there is just not enough Time to erect the Temple, have it ready, Kosher to perform the Sacrifices, having cleared-out and set the Foundation Platform, etc.

And realize this, according to the Sanhedrin, no one, not even Trump, but the Messiah, whom only the Religious Jews will recognize and accept, can give the Decree to Rebuild the 3rd Temple. But until the Return of Jesus, rather on a Yom Teruah, the Church Age of Pentecost is still going on. It is just that from the End of the Church Age Pentecost to the Return of Jesus on a Yom Teruah, there is that 70th Week of Daniel to be completed, 7 Years all-inclusive of 2520 Days total.

Until then, the Present Time or Dispensation, or Feast of Pentecost, prophetically has not been completed yet. It will conclude at the Rapture Point in Time. The Rapture concludes the Commission of the Church Age, etc. This is why Jesus cannot come back in a Spring Passover Feast Time-Frame, not even to commemorate his Nisan 10 Anniversary. So, one dismissed the Nisan 10 Calculation as being the Start of the 70th Jubilee since -1406 BC or Daniel's 70th Week of Years. However, one surmises that the Start of the 70th Sabbath of the Land still owed by Israel is to commence in 2025. This will be after the Rapture Event. And that there is at least a few Months of a Gap Time.

It will be just enough Time for the AntiChrist to be revealed and implement his Order out of the Chaos, the Rapture will bring. One's Point is that the 'correct' Jubilee Count cannot be ascertained because there has been precisely a Gap of Time in-between the 69th and the 70th Week decreed against Israel. It depends on when the Jubilee was started. For example, if Jesus proclaimed the Jubilee Year when He stood-up and read the Isaiah Portion, was that Year 1? Or was it in 32 AD? Consider that if the Jubilee Count is 50 Complete Years, then from 32 to 2032 is exactly 40 Jubilees.

32 AD + 40 Jubilees of 50 Year Cycles (2000 Years) = 2032

Note that if one uses the 49 Year Count for a Jubilee, that would either be the Years 1960 using a 40 Jubilee Count or 2041 using a 49 + 1 Jubilee Count. And what about the 75 Day Intersession after the 70th Week of Daniel or the Tribulation Period is over? Consider that one will have the Opportunity and Privilege to see Jesus recreate Earth as He did in preparation for placing Adam in Eden, some 6000 Years from that Time.

The Chosen Planet

In the Old Testament, it states that the Morning Stars, i.e., the Angels, as in all the 'Sons of GOD' gathered and rejoiced when YHVH created Earth. Job 38:7 And no Human has ever seen that or been part of it, until now. She, the Bride collectively will be there at Jesus' Side to marvel at the Wonders of how Earth will be refashioned for the Millennial Kingdom.

'Where were you when I laid the Foundations of the Earth? Tell Me, if you have understanding. Who fixed its Measurements? Surely you know! Or who stretched a Measuring Line across it? On what were its Foundations set, or who laid its Cornerstone, while the Morning Stars sang together and all the Sons of God shouted for Joy?' -Job 38:4-7

This Amazing Spectacle will occur after Jesus returns to Earth with His Bride. Since the Rapture, the Bride of Christ, will be the Co-Ruler and is a Co-Heir of all that Jesus is and has. When Jesus returns to Earth for His Bride, the 7-Year Wedding Festivities in Heaven will correspond to Daniel's 70th Week of Years. Thereafter, it is Lucifer that will be imprisoned and his AntiChrist False Messiah and False Prophet that will be cast into the Lake of Fire, alive.

'Now if we are Children, then we are Heirs—Heirs of God and Co-Heirs with Christ, if indeed we share in His Sufferings in order that we may also share in His Glory'. - Romans 8:17

What a Time Period and Day, in particular that will be to see Jesus do that on Earth. This is Amazing that Jesus, as GOD the Son is going to share that with mere Mortals, but those that are now Redeemed by Jesus. This is what the World is missing and will, sadly. And it is Free but mostly has been rejected by a Humanity that wants to be 'GOD', just like Lucifer. Humanity rather believes the Lie and a Cheap Gospel Knock-Off from Lucifer.

Day of the week for a given date

This online calculator shows the day of the week for a given date

The page features a calculator that can determine the day of the week for a given date. The user simply needs to enter the date in the format specified and the calculator will use a mathematical algorithm to determine the corresponding day of the week.

This tool can be useful for a variety of purposes, such as checking the day of the week for historical events, planning schedules, or simply satisfying one's curiosity.

However, with the recent upgrade to the website, this tool has become somewhat obsolete. The date input field now automatically displays the corresponding day of the week, making the calculator's main purpose redundant.
