

RAPTURE FALSE POSITIVE

TESTING THE THEORIES

A Valid Fallacy

One is disappointed but not discouraged as to how one attributed the possible Rapture timing to the New Wine First Fruits to have been on July 23 did not come to pass. It is a case of how one tested this theory as that is what it was. And the logic and rationale proved to be a 'Valid Fallacy' or a False Positive. It is in the sense that perhaps there was and is some sort of Prophetic Significance to a July 23 Date, but not pertinent to the Rapture's Timing. Here is the technical definition of a False Positive.

'A False Positive is an error in binary classification in which a test result incorrectly indicates the presence of a condition, while a false negative is the opposite error, where the test result incorrectly indicates the absence of a condition when it is actually present.'

These are the 2 kinds of errors in a Binary Test, in contrast to the 2 kinds of correct result. They are also known in Medicine as a False Positive Diagnosis, and in Statistical Classification as a False Positive Error.

In Statistical Hypothesis Testing, the analogous concepts are known as Type I and Type II Errors, where a Positive Result corresponds to rejecting the Null Hypothesis, and a Negative Result corresponds to not rejecting the Null Hypothesis'. -Wikipedia

One hopes that you have not been offended by this endeavor to investigate and publicly go out on a limb, as they say to calculate a possible Rapture timing. Or that one's Faith in Jesus and His promise to rapture His Bride has suffered because although the calculation and patterns appeared to be valid and plausible, it was not the case. One's intent was to encourage the Bride with such research so as to 'Keep the Watch' regardless of when one or others prognostic the specific timing of His Appearing or Epipháneia.

STRONG'S 2015: EXHAUSTIVE CONCORDANCE
Appearance, Brightness.

From Epiphanes: A Manifestation, i.e. (Specially) The Advent of Christ (Past or Future) -- Appearing, Brightness.

In that respect, one offers a heartfelt Apology for doing so. However, research, study and investigation continues. In having tested this New Wine understanding, one now has a better grasp as to what variable to eliminate. That is how research is conducted and the theory or thesis presented is strengthened, etc. Now, on to a much more anticipatory consideration for the year 2025. Could the Rapture still occur? The key is not to set one's expectation of the Rapture but the one who is rapturing.

Keeping the Watch

It is not about a date but a Person. Not being with Jesus, face-to-face is what is disappointing. But as such theories have been put to the test, they will only serve to then be refined and recalibrated, perhaps. Is there any circumstantial evidence of a possible Rapture occurring in 2025, of what remains of it?

One only needs to look at the pace of world events now staggering and frightening. Issues and events no longer just affect localized or regional spheres. The entire Earth cannot continue at this pace of Sin, Wickedness, Thievery, Murder and Misery. Consider Israel as YHVH's timepiece.

- 1) *The Promised Land* = *the Hour Hand.*
- 2) *The City of Jerusalem* = *the Minute Hand*
- 3) *The Temple Mount* = *the Second Hand*

Consider how in only this past year, the Religious Jews have amazing, gained momentum in how Jews are now able to worship and pray on the Temple Mount. Then consider how the last details of the Temple Sacrificial Ordinances are putting on their 'finishing touches'. The Stones for the Temple are actively being quarried outside Jerusalem. And then on July 23, 2025, the Israeli Knesset voted to ratify, symbolically at least the claim of sovereignty over the Ancient Biblical Heartland of Israel, Judea and Samaria.

Surely Prophecy is pacing forward at an alarming rate. What is yet to be procured is the Ashes of the Red Heifer. And a mock offering has already been performed in anticipation for when the Temple is to go up. Traffic Signs pointing to the Temple of YHVH have already been put-up. It is coming together that fast. How much longer can the end of the Church Age last then?

Here is another year count pertinent to the Temple's rededication. If it was 32 AD when Jesus met-up with the Invalid at the Pool of Siloam, then the following. It was stated by the Man at the Pool that he had been in that crippling condition for 38 Years. If this was a 'Code' of sorts it leads to when the Temple was destroyed and judgment fell upon Israel. The Condition for the Man's healing was to not sin any longer. As a type of Israel, this Man did not remain committed as neither did Israel, despite all the healing miracles Jesus performed to prove He was the Messiah. Thus, the following day counts.

$$32 \text{ AD} + 38 \text{ Years} = 70 \text{ AD}$$

If that was the amount of years that the New Covenant overlapped with the Mosaic Covenant, could that time-span somehow correspond to the reinstatement of the Mosaic Law and thus determine how long or when the Church Body is to be removed from Earth? What if one doubles the numerical factor of 38 Years x 2? This would then be 76 Years. What if one adds that from 1949 when Israel was induced into the Family of Nations by the United Nation?

$$1949 + 76 \text{ Years} = 2025$$

A 38-Year Factor

This timeline would concur with the 77th Year Anniversary based on Israel 'Rebirth' or Independence in 1948 and how the year 2025 corresponds to this time-span.

1948 + 77th Year Anniversary of Israel = 2025

Could this calculus be an indicator of when the end of the Church Age is to conclude? And in turn, when is the Time of Jacob's Trouble to start? This year 2025 would then be a 'Proof' in the mathematical sense in how 2025 is 7 Years from 2032, which is the 2000th Year Anniversary from 32 AD. And as interpreted, it was the year Jesus met-up and warned the Jewish crippled Man in the Pool of Siloam.

On this side of the Rapture, we only see in part and can know in part but it was a really good rehearsal for me personally to have tested. It was an opportunity to literally have one's house be in order and confess sin and pray for others. That is always a good thing. It was a good run as they say and 2nd Guessing is not my thing but consider the following.

*1) Perhaps there are those 7 Days of waiting like Noah, given that it is a Prophetic Type in that the actual Wrath or Event did not occur on that precise day when Noah entered the Ark. Thus, the inference is that there is to be a continued **watch beyond the end date to an extent or degree?***

2) Or instead of using the 360 Day Calendar from Exodus and trying to superimpose that onto the Gregorian one, one has to adjust for the 365 Day Calendar. In that case, it is as the Essenes and the Solar Calendar have it for the timing of the New Wine Feast. That date is July 27 in 2025, by taking into account that difference of interpretation of when the start date is to commence. This day count starts after 'the Morrow after the Sabbath', the weekly one.

Perhaps for 2025, we are still in the New Wine Rapture 'Season' or 'Zone' but not quite pinpointed as of yet. So, more study, prayer and meditation is in order. The other reason why one's theory about a July 23 New Wine Rapture did not materialize could be based on my interpretation of what that '723' code means.

For sure my mysterious '723' has been what I surmised was a July 23 date or code based on the Gregorian Calendar. And we have discussed the possibility of perhaps being the inversion or rather based on the Hebrew Calendar after all.

Or if by the Ancient Roman Months, it would be September as that is what the name is derived from, '7'. And the 23rd would correspond then to the Revelation 12 Sign that coincides with the Rabbinical Civil New Year of Rosh HaShanah. This is what was shared with me by a Sister in Christ.

On the 23rd day of the 7th month he sent the people to their homes, joyful and glad in heart for the good things the Lord had done for David and Solomon and for his people Israel. -2 Chronicles 7:10

'723' or the 23rd Day of the 7th Month?

What is striking about this coming October 13-18, 2025 period of time is that the date that corresponds to Tishrei 23 (October 15, 2025) is how I tie it to when the AntiChrist is to initiate the Daily Sacrifices and the Tribulation Period day count begins with that 3rd Temple Dedication event.

This 723 or specifically Tishrei 23 is what also started the HAMAS War against Israel back in 2023. Perhaps it is a Prophetic Bookend of sorts? Of course, it is just one of my other 'hair brain' ideas/scenarios. But for sure, as the Blessed Hope approaches, there is bound to be more clarity and understanding beyond mine.

October 7, 2023 HAMAS Attack (723-Tishrei 23) to October 15, 2025 (723-Tishrei 23)

= 739 Days (Not sure if there is any significance in this time-frame.)

Thank You all for your support and watching very intently with me. I appreciate it. Hopefully the Rapture will occur in our lifetimes to be counted within those that, 'Remain and are Alive' when it does happen. And it will occur when the Bride is ready and there is no more need for Rehearsals.

When I first got saved at 13 years of age, the 1st Books of the Bible I read were Revelation and Daniel. They enthralled me and since then it has been a quest to 'know'. But in taking on that task, I came to understand this much, that the more one delved deeper into the Mysteries of YHVH in the Bible, the more one realized just how much we do not know. That is what has kept me humble because in the natural flesh, I am a very proud Man.

It is by the Grace of GOD that we know what we do know as revealed in Scripture. And even Daniel of all People did not fully understand what was revealed to him. And that understanding was to be sealed until the Last Days. Well, here we are. What is more bothersome for me personally is not having or discerning the 'correct' Rapture Date as I have calculated. But it is that one has disappointed the Flock by doing so.

And I and others who dare venture into the Rapture 'Zone' Prognostication will have to give an account. As you know, those that are given much, much will be required. But I did have that reservation deep inside that July 23 was not 100% foolproof. As I have also alluded to this '723' Code of sorts, perhaps it is Prophetically Significant, but not in the way I was specifically trying to make it out be the Rapture's timing.

But one is now 'free' and glad about it that it will be exciting to see what the LORD will do next. I will still keep a 'finger on the Rapture Pulse', but in that regard, I will need to be silent and be taught more about it. There are other topics of Eschatology one can choose from to further study and share. The time is narrowing though, and that, the whole Body of Christ at least those that are prophetically sensitive are recognizing now. It will be hard to comprehend if the Body of Christ will still be here to see 2026.
