

CRUCIFIXION YEAR VERIFIED BY NASA? ON FRIDAY, APRIL 3, 33 AD?

Based on a Recent Blood Moon Discovery?

by Luis B. Vega

vegapost@hotmail.com

www.PostScripts.org

One was asked to comment or respond to the News Flurry of how it had been reported that NASA, the Astronomical Space Agency 'verified' the Year, Month and Day of Jesus' Crucifixion. One will attempt to itemize the Reasons, as to why a Friday, April 3, 33 AD Crucifixion would not be the 'Best' Date and Year of Jesus' Crucifixion, how it has not been now 'Verified' by NASA, presumably, nor has it been a 'Monumental Discovery' made that led-up to the Passover Feast Days, etc.

One totally respects the Research and Thoughts of others. One may not agree with the Conclusions, in all or in part that in the End, is all Supposition, but that goes for one's Research too. Now, one cannot guarantee anything that will be presented in this Rebuttal. So, as to NASA coming-out and weighing-in about how they 'verified' that the actual Crucifixion Year, Month and Hour was on Friday, April 3, 33 AD? Well, one dismisses it. Not because of Pride or Arrogance, but because of one's Background and Research and how the News has portrayed it. How so?

It is not NASA that 'Discovered' the Blood Moon or that is insinuating that it was the precise Year, Month and Day that Jesus was Crucified. No, if one re-reads the News Releases, it is just 2 Oxford University Researches that they themselves had just come across the 'Discovery'; that, behold, a Blood Moon occurred on the Night of Friday, April 3, 33 AD. And in so doing, have conjectures that it 'proves', definitively the Year of Jesus' Crucifixion. News Flash. NASA has already 'Discovered' the entire 5000+ Year Cycles of Lunar Eclipses, and Solar Eclipses. Here is how it has been reported. It is Misleading.

'A jaw-dropping discovery by NASA may lend cosmic credibility to one of the Bible's most dramatic moments — the crucifixion of Jesus Christ — and the spooky sky show that followed. The eclipse theory, originally floated by Oxford University researchers Colin Humphreys and W. Graeme Waddington, is now catching fire on TikTok — just in time for Good Friday'.

But as with all such News Pieces that begin to be circulated on Social Media with Millions of views potentially from People all around the World, like this NASA Attribution, which the NASA Agency has not publicly stated, one always asks: Who? What? Where? When and Why now? Here is one's Response as to why one is not convinced as the Lunar Eclipse of Friday April 3, 33 AD did not qualify in this case. Why not? First, NASA did not, nor has 'verified' when Jesus' Crucifixion Year was. The Lunar Eclipse was not a Total Lunar Eclipse, meaning it only was a 'P' or Partial Type. In other Words the entire Moon did not turn 'Red' at all.

LUNAR ECLIPSE NEAR APRIL 33 AD

[04904](#) **0033 Apr 03** 17:37:53 10202 -24326 [71](#) **P** $t = -0.6813 \ 1.6399 \ 0.5764 \ 332.8 \ 170.1$

In one's Opinion, one senses that it could be a classic case of, 'Look Here and not There' Type of a Distraction. How so? Consider that one is also a Researcher and works at a University and has 'Discovered', that it is rather the Full, completely Red Blood Moon of April 14, 32 AD that could be the better Astronomical Find. And one published 3 Main Articles about it that triangulate the same Blood Moon Phenomena during the Exodus Passover and will again at the 2nd Passover in 2032.

So, where is the Worldwide Fanfare in that? In doing an Internet Search, you have the 1st several Pages copying the same Story about 'NASA Confirms Crucifixion'. The Story has been picked-up by all the major News Outlets and are regurgitating the Friday, April 3, 33 AD Partial Blood Moon. So, why not use one's True Research and Suppositions? It is because it does not concur with the Luciferian Deception and Narrative.

Sure, this is where one may cross over to the 'Conspiratorial'. But one had published 3 Important Articles presenting the Evidence for the 32 AD Blood Moon that was entirely 'Red' and coincided with a Total Solar Eclipse that lasted 3 Hours. What is rather interesting to consider regarding Passover of 2025, for example is that in recent History, did one realize that all 3 Major Christian Branches, the Protestant, Roman and Orthodox Christians observed Resurrection or 'Easter' in the same Timeframe?

It was as if there was a 'Unity' occurring, synchronizing the Core Tenets of the Faith. One has also presented the Case for the 32 AD Crucifixion Year in a Book and tied it to the Dark Star that caused the Solar Eclipse. One is not saying that NASA has read one's Website or the Oxford Researchers, but the 3 Main Articles that provided the 'Circumstantial' Evidence strongly suggests that 32 AD is the Crucifixion Year.

And if so, then it makes 2025 Pivotal as 2032 will be corresponding. Here are the 3 Articles along with Charts that address, rather a Blood Moon on April 14, 32 AD, near Midnight. It considers the Supernatural Total Solar Eclipse that lasted 3 Hours, along with the Total Lunar Eclipse that one Triangulates back to the Exodus Night, etc.

One suspects that the Powers-that-Be have attempted to deflect from the 32 AD Blood Moon Calculation because of the corresponding Solar Eclipse. It beacons the 'Death Star', the Return of the Ancient Red Dragon and the Narrative of an in-coming 2nd Sun that will cause Earth-Shattering Cataclysmic Effects.

This is what NASA and various World Leaders do not want the General Public to know, as they dig and supply their Deep Underground Military Bases, DUMB's. One must realize that NASA no longer updates the Solar Eclipse Online Pages. One wonders why? <https://eclipse.gsfc.nasa.gov/solar.html>. There was also no Total Solar Eclipse in the Month of April in 33 AD. And if there was one, 'naturally' occurring, it is impossible for any Solar Eclipse to last more than 7-8 Minutes in its Totality.

SOLAR ECLIPSE NEAREST APRIL 33 AD OCCURRED IN MARCH

[04856](#) [0033 Mar 19](#) 13:40:16 10202 -24326 [59](#) **T** -p [-0.7168](#) 1.0576 40S 47E 44

One contends that there was a Solar Eclipse, but it was not Natural, but Supernatural. It was due to, in one's Research, based on the Eclipse of the Dark Star, the Dwarf 2nd Sun, the Red Dragon, etc. So, if the Crucifixion was indeed on Friday, April 3, 33 AD, it would reinforce the Roman Catholic Narrative of the presumed Day that is based on a False Narrative, of a Friday Afternoon Crucifixion and a Sunday Morning Resurrection.

One is not convinced due to the Period of Time not being exactly 72 Hours as Jesus foretold, based on the Sign of Jonah. The following is some Prime Evidence, although Circumstantial, as to why one is just more convinced that the Crucifixion Year, Month and Week Day was on Wednesday, April 14, 32 AD. And that Day, Astronomically fulfilled the Prophecy of Joel in having the Sun turn to Sackcloth and the Moon turn to Blood, in the same 24 Hour Period of a Day, etc.

The following will be one's Astronomical Research that has precisely determined Jesus' Lifespan, to the Day, all accounted for that calculates a 32 AD Crucifixion Year. One uses the Conjunctions and Alignment of the Planets and Stars to derive at the Dates. Obviously, many Christian reject these Astronomical Association. Nonetheless.

1. Consider that as Gary over at Unsealed.org had presented, here is the 'Final 4' Theory. Meaning that the Years: 30 AD, 31 AD, 32 AD and 33 AD are what has to be the 'Crucifixion Year Zone'. And determining that Year, one could then perhaps calculate the End of the Church Age that is to be accented by the Resurrection-Rapture Event. As it is now, 2 Years have passed, 30 AD and 31 AD. One is in-play, 32 AD. And 1 is yet to be determined, 33 AD.

2. The Birth of Jesus was on September 11, -3 BC. This Year Calculation is predicated in the Triple Conjunction of Jupiter with Regulus in Leo. It started with the Conjunction of Jupiter with Venus in Leo the Year Prior in -4 BC.

3. If Jesus was born on '9-11', then the Journey of the Magi matched the Year's Journey to Jerusalem. And precisely on the Eve of Christmas, the Magi came to Bethlehem as the Crux Star Cluster rose over the Horizon. And Jupiter was in Retrograde, appearing to 'Stand Still', directly in-line with Virgo, Coma Berenices, the 'Man-Child' that Virgo beholds and the Cross, etc. No other Year is possible because of the 12 Years when Jupiter is in Virgo next.

4. If one calculates the September 11, -3 BC Birth of Jesus, then the December 25, -2 BC Visitation of the Magi, then the start of Jesus' Ministry occurring on November 1, 28 AD. This was the precise occasion, being Yom Kippur wherein Jesus stood in the Synagogue of His Residence, Nazareth and proclaimed the Jubilee Year of Release.

5. If one then calculates the September 11, -3 BC Birth of Jesus, then on December 25, -2 BC the Visitation of the Magi, then the start of Jesus' Ministry occurring on November 1, 28 AD and one precisely adds 1260 Days or Jesus' 3.5 Year Ministry beginning at Age 30, the End Date was precisely on April 14, 32 AD. This was Nisan 14, Passover with Solar and Lunar Eclipses.

6. It so happens that on that Day, it is rather the Total Blood Moon that occurred at Midnight and in one's Minds, what confirmed the Crucifixion Year, Astronomically. The Blood Moon, although on the opposite side of the Earth, was in the Constellation of Libra, the Scales of Judgment. But in Ancient Times, it was an Altar. The 'Blood Moon' of April 3, 33 AD was again, only Partial, about half of a Shadow covered the Moon, at the Feet of Virgo. It was not 'Red' at all.

7. Next, consider when Jesus was to ride on a Donkey, as foretold to Daniel the Prophet? It was contingent on a Decree to 'Rebuild the Walls of Jerusalem'. And? Most Students of the Bible overlook the Decrees in that only 1 warranted the 'Rebuilding of the Walls of Jerusalem', just as the Prophecy prescribed. Here are the Official Decrees that fulfill the Explanation of the Prophecy revealed by the Arch-Angel Gabriel in Daniel 9:25. Guess which one is the one pertaining to the Rebuilding of the Walls, not the Temple? It was the one that one has contested for several Years now. It is the one from -445 BC and precisely given on the Spring Equinox.

1st Decree: To rebuild the Temple by Cyrus in -539 BC.

2nd Decree: To rebuild the Temple by Darius in -522 to -486 BC.

3rd Decree: To rebuild the Temple by Artaxerxes in -457 BC.

4th Decree: To rebuild the Walls of Jerusalem by Artaxerxes II in -445 BC.

The Dates are based on Wikipedia's Data on Cyrus The Great, Darius The Great or Hystaspes, and Artaxerxes I. One has contended that it was the Son of Artaxerxes I and Ester's Son, Artaxerxes II that made the Decree in -445 BC.

7. One must realize that if one then calculates the September 11, -3 BC Birth of Jesus, and then the December 25, -2 BC Visitation of the Magi, and then the start of Jesus' Ministry occurring on November 1, 28 AD and one precisely adds the Days from Artaxerxes II's Decree in -445 BC, then one can precisely calculate the exact Day that Jesus rode on the Donkey through the Golden Gate of Jerusalem. And that Year, Month and Day was on the Sabbath, Nisan 10, 32 AD.

8. Then 4 Days later, the Passover Lamb was to be 'Inspected' by the High Priest of Israel. It led to Jesus' Wednesday Crucifixion, wherein 3 Days later, (72 Hours) He rose from the Dead on Nisan 17, a Sabbath, likewise.

One can go on, but one does have a PDF Copy of the Book that one provides more Evidence, although Circumstantial about how the Crucifixion was in 32 AD. Here is a Link to purchase a Hard Copy, if so desired.

CRUCIFIXION 32 AD

Circumstantial Evidence

Why the Crucifixion was in 32 AD

When was Jesus Crucified? Was it in 30 AD? 31 AD, or 33 AD? This has been 1 of the most Profound Questions, that has been Debated since the Church Age started with Jesus' Death.

<https://www.lulu.com/shop/luis-vega/crucifixion-evidence-32-ad/paperback/product-gr8gr6.html>

So, to summarize, the Fanfare has been because of 2 Oxford University 'Researchers' that happen to 'Discover' only now, just in time for Passover of 2025, the Partial Lunar Moon. Although it is not Technically considered a Blood Moon that occurred on Friday, April 3 33 AD, it somehow 'Proves' that NASA 'finally' verified that it was the Crucifixion Year? No. But if that be the case, then one has argued for a Literal Interpretation of what a Hebrew Day is, because from Friday to Sunday is not 3 Days. A Day is defined by YHVH in Genesis, 'And there was Evening and there was Morning, the 1st Day'. The word, 'Day' in Hebrew is 'Yom', like Yom Teruah, Yom Kippur, etc. Here is the Definition.

DAY: STRONG'S H3117 - YÔM

1. As opposed to Night.
2. A 24 Hour Period.
3. As Evening and Morning in [Genesis 1](#).
4. A Division of Time
5. A Working Day, a Day's Journey.

Source: https://www.blueletterbible.org/kjv/gen/1/1/t_conc_1005

Jesus stated that He would be in the Grave 3 Days and 3 Nights, as recorded in Matthew 12:40.

'For as Jonah was three days and three nights in the belly of the great fish, so the Son of Man will be 3 Days (Yoms H3117) and 3 Nights in the Heart of the Earth'.

DAY: STRONG'S G2250 - HÊMERA

1. Used of the Natural Day, or the Interval between Sunrise and Sunset, as distinguished from and contrasted with the Night.
2. In the Daytime.
3. Of the Civil Day, or the Space of 24 Hours, thus including the Night.
4. The Eastern Usage of this term differs from our Western Usage. Any Part of a Day is counted as a Whole Day, hence the expression '3 Days and 3 Nights' does not mean literally 3 Whole Days, but at least 1 Whole Day plus part of 2 other Days.

Source: https://www.blueletterbible.org/kjv/mat/12/40/t_conc_941040

One does not agree with Item 4, because Scripture has to comport with Scripture. Although in a Cultural Sense, the Literal Definition of a 'Day' may not be as Genesis Defines it. But in that case, one has to resort as a Researcher to the Law of 1st Mention. The Word of YHVH cannot be superseded by Cultural Appropriations. If so, this is precisely what Jesus warned that the Elders of Israel did, in nullifying the Scriptures due to Traditions of Men.

Thus, a 'Day', regardless of Cultural Appropriation is a 24 Hour Period that divides the Night from the Daylight, etc. As contested before, it is one's Disposition that it is impossible to Mathematically factor 3 Days of 24 Hour Periods from Friday 3pm to a Sunday 6am Time-Frame. Because of one's Research, up to now, one is more convinced that if the Crucifixion was indeed in 32 AD. Then if one applies the Prophetic Template of '1 Day is as 1000 Years', the Prophetic 2 Days has been from 32 AD to 2032 AD.

32 AD Crucifixion + 2 Days (2000 Years) = 2032 AD – 7 Year Tribulation = 2032

If one then factors-out the Last Sabbath that Israel owes YHVH for not letting the Promised Land 'Rest', then can presumably Reverse Engineer the Timeline to 2025. If any Discrepancy one could doubt about this Model, is the following.

1 Day = 1000 Year Equation

Does the '2 Days' or the 2000 Year Church Age have to then be precise as the Roman Church Definition of Day then? Or is it 'Fluid' like a Friday to Sunday 3-Day Definition? But if it is precise, as in the Day defined by Genesis by YHVH, then it would mean that the earliest the 70th Week of Daniel could start is in the Fall of 2032. The Start of the Tribulation Period would begin in the Fall of 2025, as one calculates. Perhaps. One's Learning Curve, pertaining to the possible Timing of the Rapture and the 2nd Coming of Jesus is just that, a Learning Curve that only Time will always Tell the Truth.

If the Crucifixion Year was in 33 AD, that too will have to be 'Tested'. But no, NASA has not 'verified' the Crucifixion Year. Nor had the 2 Oxford University Researchers, 'Monumentally' discovered that Year, Month and Day because of a Non-Blood Moon on Friday April 3, 33 AD. Nor has it corroborated the False Crucifixion Timeline and Narrative of the Roman Church.

So, this has been one's attempt to itemize the Reasons, as to why a Friday, April 3, 33 AD Crucifixion would not be the 'Best' Date and Year of Jesus' Crucifixion, nor how it has been 'Verified' by NASA, presumably. Be careful what one reads and how. Now, just because one is more critical and dismisses it, does not make one 'Right' about it or how one has presented the Evidence to refute such claims. But to Each their Own.

Books

PLANET X STAR

The purpose of this Book is to present various Insights, for-and-against the Planet X Phenomena. The study will try to ascertain a comprehensive array of Subject Matter.
