PROPHECY OF ELAM

Military Strike on Iran based on Astronomical Conjunction?

The purpose of this study is to illustrate the Planetary Conjunction of Mars with Regulus in the Constellation of Leo on July 17, 2025. The Constellation of Leo concludes the 12 Signs of the Mazzaroth or the Zodiac. It is also the Motif, attributed to the Lion of Judah, 1 of the 12 Sons of Jacob, etc. All the Planets have their Yearly Cycles that traverse through the 12 Houses or Signs along the Ecliptic. Mars takes approximately 687 Earth Days to complete 1 Orbit around the Sun, which is known as a Martian Year. It is about 1.88 Times longer than an Earth Year.

But what makes this Planetary Conjunction interesting, is their Mythos that each Planet has in contrast to the other. It is about War coming to Israel or Israel causing War against its Enemies, etc. Some argue that the Alignments, Conjunctions, Eclipses and Comets, for example are Omens and for Signs that YHWH ordained in the Book of Genesis. Thus, the inference to Mars is that it is the God of War. Then Regulus is considered by the Jews to be the Star of the Messiah or of Israel, along with the King Sign of Leo, etc.

So, will anything occur on this Date as it relates to War with Israel? It will remain to be seen. Here is the Backstory of how one sees this Planetary Conjunction of Mars with Regulus in the Constellation of Leo as being potentially Significant, Biblically. In early June of 2025, one was working on a Timeline about the Blood Moon Clusters that appear to occur in tandem with the Tribulation Period Timeline one is surmising, 2025-2029-2032, etc.

One opened-up Stellarium to see about the Revelation 12 Sign in the Constellation of Virgo that is to be recurring in 2029, etc. As the Constellation of Leo is next to Virgo, the screen had both in one's view. Well, look what is coming to Leo? Mars! The God of War. It is going to conjoin or have a Celestial Conjunction with the Royal Star of the Messiah, Regulus, a Euphemism for Israel. Coincidence? One would say not. This Mars-Regulus Conjunction in Leo occurs on the following Date.

June 17, 2025

So, one wrote a Note to be reminded to share this Conjunction with an Online Blog and to do a Chart on it for a visual. And? Well, to reiterate, it is known that Mars is the God of War and Regulus is the King Star of the King Sign, Leo. This Constellation is the Motif of the Lion of the Tribe of Judah. So, when one saw that Mars was coming into Leo and 'Sticking' Regulus, one had this following Thought.

Sudden Destruction

What is rather interesting, is that Mars has not conjoined the Star Regulus in Leo since 1946 and will not again until the Year 2104. The Year 1946 is prior to when the U.N. then elected to form the Partition Plan. This was the Original 2-State Solution that the Muslims rejected. So, in an Astronomical Sense, the June 16-17 Mars-Regulus Conjunction is special. It comes just Days before the Summer Solstice. And it coincides Jupiter, the Planet of the Messiah crossing the Silver Gate. It is when the U.N.'s discusses the 2-State Solution upon Israel and the World.

*From June 20 Summer Solstice to July 23 New Wine Pentecost (Rapture Timing?)
= 33 Days*

On the Side-Note, one will interpret one's True Pentecost New Wine Rapture Theory here. A Countdown will be noted from the Summer Solstice to one '723' July 23 Date. One thinks this is interesting in how the Number 33 is very Significant Biblically. Many End Time Students of the Bible see this Converges as a possible fulfillment of when the World will be saying, 'Peace and Safety, then Sudden Destruction will come upon them, unawares', etc. Surely, if Israel is to strike Iran's Nuclear Sites, it will be 'Destruction' as the U.N. is uttering 'Peace'. So, on June 16-17, perhaps this is what could happen Astronomically, but also how it will reverberate, Geo-Politically.

1. Either Israel will be struck in some Form or Fashion.

2. Either Israel will strike in some Form or Fashion.

As noted, the Nation that came to Mind was naturally Iran. But now it has been the case that as Israel has seen the God of War approach, she has taken the pre-emptive Strike instead against the Danger, the Nuclear Danger. What has helped, is that Israel did strike Iran back in October of 2024. That Operation was called: Operation Days of Repentance. Is that not interesting? It was when Israel essentially knocked-out all of Iran's Radar, Surveillance and ability to down any Israeli Jets. And?

Many Military Analysts assert that Israel is playing the 'Long Game' in that it first prepared the Field to make the Final Call and Play against Iran. Perhaps it will work its way out on June 17. Plus, those new F-35's are so fast, the Ground-to-Air Missile Batteries purchased from the Russians are virtually obsolete. What it means is that Israel can come in, virtually unopposed. And as one was working on this Chart, of the Mars-Regulus Conjunction in Leo, one came to find out from a Sister in Christ named Lyn, who shared that the Israelis are seriously contemplating striking Iran's Nuclear Sites. And that the Operation is called 'Lion of Judah'. What?! Here is the Source.

Special Report... Tons Of Chatter Online ... Indicates Israeli Attack On Iran Imminent... operation is called Lion of Judah... We just got the intel...and are allowed to share it, since it's being widely spread, not top secret... Israel, we are told will attack Iran, without the help of the United States, and will do so imminently....

Israeli Attack On Iran Imminent*

It was later confirmed to be Operation Rising Lion. As is known in the End Times Community, the Luciferian Powers-that-Be are orchestrating their Moves, and they use certain Months, Weeks and Days to carry-out their Moves. And here is the Day Count from the prior Iranian Shrike. So, if on June 16-17 Israel is to strike Iran's Nuclear Sites, once and for all to take them off-line, it will be just 1 further Prophetic Step for Israel, and 1 Giant Apocalyptic Step for Mankind. Note the Day Count from October 26, 2024 Operation Days of Repentance against Iran to June 16, 2025 Planet Mars, God of War conjoins with Star Regulus in Leo. End Day excluded.

= 233 Days (A Variation of the Luciferian Skull and Bones 322).

= 7 Months, 21 Days (7-7-7).

= 33 Weeks.

Now, in no way is one insinuating that all of Israel, collectively, is utilizing Astrology and Numerology to achieve their Agenda. Militarily, they are seeking to protect their People because Iran's Mullahs have repeatedly proclaimed that as soon as they possess a Nuclear Weapon, they will launch it against Israel or use it as Political Leverage and a Threat. Israel, being so tiny in Landmass and Population cannot afford to 'Wait and See'. So, when the U.N. will say 'Peace and Safety, then Sudden Destruction will come?' The 2-State Solution is a Farce. The Palestinians do want a State of their own but rather that Israel cannot have theirs. Why not?

It is about Islam, the Jihad, the Birth-Right, etc. Now, as to some possible Prophetic Interpretations specific to the Church Age ending with the Rapture Event? One would say that if beginning in June 17, where the Astronomical Conjunction occurs in tandem with the U.N. fully recognizing Palestine as a Full Member of the U.N. Family of Nations, then it could coincide with Israel's Strike on Iran's Nuclear Sites. This would rouse the Muslims more so than they are already. Their Satanic Frenzy will perhaps incur their Wrath to mount an all-out Offensive against Israel.

Perhaps Iraq, Syria, Egypt, and Turkey will be planning the strategy. But it is at this Point and Time that Israel, again preempts the Attack by nuking Damascus. This possible Scenario could be used as the Samson Option to ward-off the Muslim Menace of the Inner-Ring Nations. And this, in turn could signal the End of the Church Age that will be completed with the Rapture Reset or Evacuation of Jesus's Ambassadors from Earth. This Nuclear Detonation in the Middle East will surely demand World Peace and Safety. And the Man that will claim to deliver it, i.e., the AntiChrist will show-up. It is that close in terms of the 'Prophetic Clock'.

Peace and Safety

As to the Mars-Regulus War of 2025 then? A Brother in Christ named Stephan shared the following Day Count. So, will this be the Start of the 'End'? Will this Time-Frame start the 'Snowball' Effect that will cause all that the Bride of Christ has been anticipating to occur? Time will Tell.

Summer Solstice 2025 + 2520 days = May 14, 2032 (Israel 's 84th Birthday).

But one double-checked the Mars-Regulus Conjunction, precisely on this Day. As mentioned, the Last Time it occurred was in 1946, just prior to the U.N. Partition Plan that created Israel on Paper. Then, this same Mars-Regulus Conjunction in Leo does not occur until the Year 2104. So, consider the following Astronomical Symmetry. The 2025 Mars-Regulus Conjunctions is right in the Middle by 79 Years, both ways from 1946 and 2104. Coincidence? Biblical perhaps?

1946 Mars-Regulus Conjunction in Leo

+ 79 Years

= 2025 Mars-Regulus Conjunction in Leo

+79 Years

= 2104 Mars-Regulus Conjunction in Leo

As to the Israeli Strike on Iran? It would then appear to be, at least, Astronomically Significant. But how will that translate on Earth or to Israel, or the End of the Church Age? Well, as mentioned it is about the Theme of War, Israel, the Lion of Judah. How cool is that to be witnessing all this Prophecy, down to the Day of the Rapture. No other Generation, except the initial one in the Book of Acts had a 'Front Row Seat' to how Prophecy is unfolding before one's very own Eyes.

And one would argue that it is happening because it is the End of the Church Age, as it began. With the amount of preparation, logistics, and intelligence Assets, Israel has to go 'All-In' now. This is how the World has finally come to realize that the U.N. Atomic Commission has now publicly announced Iran was not in Compliance. Iran was lying all along. Then Iran had posted that it successfully launched a Ballistic Missile that carries an 'Extra Load'. This has signaled that Iran now has a Nuclear device.

Here below is a pretty Good Assessment of how, possibly the imminent Strike by Israel against Iranian Nuclear Sites is about to go down. Reports state that the U.S. has begun some scale of Embassy Evacuations in Baghdad, Iraq as well as others in the whole Region. In one's Political Science Assessment, if Israel is going to strike at Iran's Nuclear Sites, this would be the most Opportune Time to do so. Why? Consider that Iran has a Military Pact with Russia. If Iran gets attacked, Russia has to respond. However, due to the Devastating Blow inflicted by the Ukrainian Drone Attacks, Russia is not in Military Position to respond. Was this Timing planned and pre-calculated?

One would believe it. Consider the Israeli Signature on suspects. The plot to explode Hezbollah's Pagers likely took at least 1-2 Year to plan and execute. The Plot to carry-out the Ukrainian Drone attack, known as Operation Spider's Web, took 18 Months (6-6-6) to plan and execute. These were a Coordinated Operations.

This is what Asymmetrical Warfare looks like, that in both cases, one is more convinced was orchestrated by Israel's Mossad Spy Agency. And as it is understood, when a Nation withdraws its Ambassadors and/or Personnel, it means there is War or a Conflict ensuing. Perhaps the Time has come, finally for the Show-Down? But we know that Jesus will also Strike at Earth in Judgment, but not before ordering a Departure or Evacuation, i.e., the Rapture Evacuation.
