

REVELATION-12 SIGN 2029

TRIBULATION PERIOD

And the Tetrad of 2032-33

by Luis B. Vega

www.PostScripts.org.

The following is a study about how the Revelation 12 Sign will approximately reconfigure in 2029. This is due to the 12 Solar Cycle of the Planet Jupiter that is the centerpiece of what defined, astronomically, the Sign in the Heavens that started the whole phenomena back in 2017. One will address several of the peculiarities that will be noted about the 2029 configuration because of when it precisely occurs. And foremost, how the year 2029 is possibly the midpoint of the 7-Year Tribulation Period, if one presumes a Fall 2025 to Fall 2032 time-frame.

To start off with, the Revelation 12 Sign will occur on Tishrei 1 in 2029. That is the start of the Rabbinical Civil New Year, otherwise known as Rosh HaShanah. In the Gregorian Calendar, that will occur on September 11, 2029 (9-11) when including the End Date. This is very interesting. As to the Date that the Revelation 12 Sign 2.0 is to occur in 2029? It will be on September 11, 2029 (9-11). See Chart link in the end notes for a visual depiction. But consider that it is an 'Approximation' one will admit.

If one is looking for a celestial depiction of the Sun right in the face of Virgo and the Moon right under the feet, based on the 'Stick Lines' Motif of the Constellations drawn to the Stars? Then it is not possible. As it was, the Revelation 12 Sign of 2017 was as close as it can get based off of the Biblical Description in the Book of Revelation. But then one must realize that this Sign occurs, approximately every September when the Sun enters this House or Sign of the Mazzaroth or the Zodiac, etc.

What makes the Revelation 12 Sign distinct from its yearly celestial configuration as it did back in 2017 is its 9-Month Retrograde of Jupiter. This 'Human Gestation' correlation of a Pregnancy occurs in the 'Womb' area of the Virgo Motif, but not all the time within the 'womb area' of Virgo, etc. Jupiter has a 12 Year Solar Cycle or Planetary Orbit. Meaning that $2017 + 12 \text{ Years} = 2029$. And? As one has conjectured, the Year 2029 could very well be marking the Mid-Point of the 7-Year Tribulation Period.

One's point is that on September 11, 2029, the Revelation 12 Sign re-configures, 'approximately' in that the Sun will be right in the Celestial Borderline between Leo and Virgo. Astronomically, the Mazzaroth starts with Virgo and ends with Leo. But Astrologically, the New Year occurs with Leo. All that to say that the Moon on September 23, 2029 will be in Pisces by that time. If one just bases the Revelation 12 Sign depiction just by the Constellation outlines, then no, the Sun is not 'visually' in Virgo.

Tetrad of 2032-33

But if one considers that the Cosmos and Constellations are actually delineated by a Grid Pattern, then technically the Sun can be said to be in Virgo on this Day, 9-11 in 2029, as it is much in Leo. See Chart for comparison. Thus, based on this Position of the Sun, it then suggests the Celestial Dichotomy of how the Beginning is as the End and the End is as the Beginning, etc. It is just as the Bible teaches is a factor of who Jesus is. Truly the Heavens are declaring the Glory of YHVH. What would I assess about the Tetrad of 2032-33?

Well, I call it the 'Millennial Tetrad'. Here below is the Chart I made awhile back. It accompanied an Article but it was on my Old Website and it is outdated. It was around 2018-19 when I had my Tribulation Period Timeline from Fall 2022 to Fall 2029. Amazingly, the 3rd of the 4 Blood Moons occurs on Passover, the 14th of April, 2033. This is exactly the same anniversary as the Blood Moon that occurred in 32 AD, on April 14, a Wednesday. Because of this symmetry, exactly to the day, 2001 Years apart, I surmise that it is how Jesus is to kick-off the Millennial Kingdom with this 1st Celestial Eclipse.

And it will commemorate how the Blood Moon coincides with His Crucifixion. It will be like 'See, it was in 32 AD' as a Time Marker. That being said, it means that it corroborates one's 32 AD Crucifixion Theory, without question. That would be amazing. Also note in the Chart how the 1st 2 Blood Moons do not occur on the Rabbinical Calendar to occur on Feast Days of either Passover or Sukkot. But if one uses the Creation Calendar, then they do. It is just an observation. As to what calendar to use? It depends what frame of reference one chooses to accept, as with all things Biblical.

1. CREATION CALENDAR'

Based on the Solar Year, or the 'Creation Calendar', the Jewish Civil New Year should start on the Fall Equinox, September 22. This is based on the 4 Celestial Marks that delineate the Solar Year.

1. Spring Equinox: March 20 (New Year)
2. Summer Solstice: June 20
3. Fall Equinox: September 22
4. Winter Solstice: December 21

2. ENOCHIAN CALENDAR

This Calendar specifies a 364 Day Count. It accounts for the 360 Days but then adds the 4 Days that are incorporated in counting the 2 Solstices and the 2 Equinoxes. This is conjectured to have occurred due to the ravages to the Earth during the worldwide cataclysm of the Flood of Noah. In some manner, the Earth incurred a Tilt on its Axis and the Seasons commenced as they are known today. The Book of Jubilees attests that there was a 360-Day Calendar at one time before the Flood, etc.

3. HILLEL CALENDAR

Current Hillel Calendar that the Rabbinical Ruling Body has based the Jewish Calendar solely on the Phases of the Moon. Thus, based on the Sighting of the Moon. There are those that hold to the interpretation that the Rosh HaShanah occurs once the Sliver of the New Moon occurs. This is regardless of any Solar Markers. As a result, Rosh HaShanah can occur before or after the Fall Equinox.

It is believed that before the Flood, the Solar Year was exactly 360 Days. Then after the Flood that tilted the Earth Axis by 23 degrees, the Enochian Calendar was used, being a 364 Day Count. Then during the Days of Joshua, factoring the Long Day, the current Calendar is 365, etc.

I personally subscribe to the Solar Calendar as it was during the Exodus that YHVH prescribed to Moses that the month of Nisan was to be the Head of the Year or 'Rosh HaShanah', And it is from the Spring Equinox that Passover is then determined. However, there are several indecencies that overlap and with so many calendars to be synchronized, it gets complicated.

I by no means am suggesting one has figured it all out. One thing is for sure, Jesus is the 'True Chronos', the Keeper of Time. Jesus knows exactly what Year, Monty, Week, Day, Hours and down to the Second it is. One often wonders what type of calendar will be used when Jesus returns. As Earth will be restored to Eden-Like conditions, perhaps there will no longer be a Tilt to the Earth. Perhaps the 360 Day Year Calendar will be utilized because of this to be in-sync with the Creation Calendar.

TETRAD OF THE MILLENNIUM 2032-33

The purpose of this illustration is to highlight the array of both Solar and Lunar types of Eclipses from 2013 to 2033. The timeline will appear to demonstrate that there are several Astronomical Patterns that involve such Eclipses. They will be either Total, Annular, Partial, Blood, Hybrid types. There will also be several clusters that occur such as Tetrads, that being 4 consecutive Total Lunar Eclipses or Triads, that being only 3 consecutive Total Lunar Eclipses. What the chart is suggesting, based on one's best Educated Guess is that the Last Generation or Sabbath Cycle of 7 Years could very well occur from Fall of 2032 to Fall 2033. This could be Daniel's 70th Week of Years. Therefore the Millennium Kingdom would occur. This model would follow the Creation 7 Day to 7 Year to 7 Millennia Prophetic Template. The timeline is also predicated on the supposition that Jesus Christ was born in 3 BC, died and rose to Life again in 32 AD. This would put the 2000 Year or 2 Days' concluding in 2032. If one then reverses the 7 Year of the Tribulation, the result would be 2025. Thus, there is about a 3 Year discrepancy to consider. Also, of note, the Tetrad of 2032-33, based solely on the Rabbinical Calendar will not be a Biblical Tetrad, in that only the 2nd Year's will fall on Feast Days of YHVH. However, if one adjusts for the Astronomical Calendar in 2032, based on the Spring and Fall Equinoxes, it will.
