

AMERICAN SUPER-CYCLE

U.S. DEBT CLOCK

Secret Window in the Upper Right Corner

One was prompted to investigate the 'Secret Window' Graphic that pops-out in the U.S. Debt Clock Website. For the Month of March in 2025, the Graphic was that of a Map of the USA, having the Alef and the Tav designation of the 'X' Marks the Spot. This Motif was insinuated by the 3 Great American Eclipses. What the Graphic further has is the Revelation 12 Sign, prominently as the Center-Piece. The Imagery is that of how the Imagery is superimposed on a Field of Golden Grain or of Wheat.

Secret Window (Upper Right Corner)

There appears to be some sort of City with a Crystal Dome over it that has traversed through the Field, leaving tracks of some king, etc. What one surmises is that this Person who has the Website that tracks the Debt of the USA, appears to tie it to the Astronomical Occurrences mentioned. Now the Labeling of the Graphic was called 'Super Cycle'. Obviously if the Website is about tracking Money, then it is about Monetary Cycles. And in that case, perhaps the Revelation Sign and the 3 Great American Eclipses were signaling an 'End' to such a Cycle, a Countdown of sorts, perhaps.

Here is one's attempt to decipher the 'Secret Window' Graphic regarding the 'American Super-Cycle'. Well, as much as one can, the 1st Factor that stood-out, in one's Mind is the Summer Wheat Field. And you all know about one's July 23 'White Wheat Wedding' Rapture Timing. One was surprised that the Owner of this Site and Graphics still has the Revelation 12 Sign going-on. One has commented on His Work prior in that regard. He has it placed prominently in the Center, but then superimposed on the Depiction is also the Alef and Tav Motif, as noted.

As one recalls, that was rendered by the 3 Great American Eclipses where it marked an 'A' and then an 'X' Marks the Spot, etc. Those had to do with pending National Judgment, as the 1st Great American Eclipse had those 7 Salems. And contrary to Popular Belief, it was not about bringing Peace but taking it away and dividing the Nation. And that is exactly what has happened since 2017. Then the 3rd and Last Great American Eclipse had the 7 Nineveh's. And likewise the Prophetic Theme was that of a Pending National Judgment if the Nation did not Turn. Well, some would say that since the Trump Reelection, the Nation 'Turned', enough, perhaps to forestall the national Judgment that is sure to come.

1) SUMMER WHEAT FIELD

How one sees the 'Golden Age' of America that Trump coined and the Golden Wheat attributed to a New Cycle, is precisely how one has presented the July 23 Wheat Harvest Day. It has been traditionally the End of the Summer Wheat Harvest and thereafter is when a New Cycle begins. It coincides with the Astrological New Year, in Leo and is associated with the Lions Gate, etc.

2) REVELATION 12 SIGN

But in terms of the Revelation 12 Sign, it will have completed its 8 Years, now on September 23, 2025. And as we know, 8 signifies 'New Beginnings'. One is still convinced that it was the Sign to the Church of the Pending Rapture Event. But will that happen now after the 7 Years have already been completed? Does this or will this Economic Super-Cycle also coincide with the End of the Church Age?

3) 3 GREAT AMERICAN ECLIPSES ALEF AND TAV MOTIF

It reminded me of how pretty much that Notion of the 7 Salem's and the 7 Nineveh's, signaling National Judgment over America has largely been forgotten. But is that Triple Sign still in-play? As some surmised about the Triple Sign, it is about a Beginning and an End being Messaged. Will that be about the USA as a People, a Nation, an Economy? And when precisely? Will the Dollar be allowed to crash to then usher in the Central Bank Digital Dollar? For sure, such are a step closer to the Beast Economic Grid and System, in one's estimation.

4) 33 CYCLES SINCE COIN ACT

What one can also deduce, perhaps, is how one had that other Theory of how long the US Dollar would last. That was based on the 1792 Coin Act that established the present Money Supply for the USA, etc. One surmised that if a 33 Cycle of 7 Years was added to 1793 when the Money Supply then started, then 2024 was the Last Cycle.

The Economic Reset?

It is then to suggest that 2025 is when 'Something' New then started or has to. But was this DOGE? Or could it be when, as the Graphic is Predictive Programming that will be during the July Wheat Harvest? Perhaps after the Rapture? Will the Rapture be that Catalyst that will set the Reset into motion?

1792 Coin Act + (33 Cycles 7 Years = 321 Years) + 1793 = 2024 End of Cycle

= 2025 Would be the Year of a New Cycle. Super Cycle?

Well, based on some Economic Forecasters, it is about a Super Cycle having come to an End and then Beginning in 2025. But this was 4 Months ago when the Prognosis was given back in the Winter of 2024. A lot has changed since then. As to a Possible Timetable or Timing? Consider that a Fiscal Year ends on June 30. Although, it does vary in the Private and Educational Sectors, etc. But it means, or cold, that in the Month of July, is when the 'New Beginning' commences if something 'Big' or Economic is to occur? Humm... A July 23 Perhaps?

What is sure to occur and is happening is how since Trump returned to the White House, there has been an acceleration in how the Money Supply of the USA is fast approaching a Digitization of it. What is being incorporated is the A.I. Factor with such Federal Projects as Star-Gate, for example. The Push is to have all Humans also Digitized in terms of their Identity. So, Biometrics will be huge and required. All these Advancements are just pushing the Needle further into having the Beast System in place.
