

LITTLE LIZZY LOVES LEARNING ABOUT ALL HOLIDAYS!

With so much diversity in her classroom, Little Lizzy spends the holiday season learning all about her best friend Mona's Hanukkah celebration and then shares her own experiences with Christmas, Kwanzaa, and Three Kings Day!

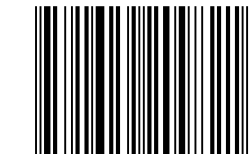

Dr. Caesar loves that she grew up in such a diverse community, Crown Heights, Brooklyn. As an educator she worked to build a learning community that embraced diversity through the development of equity based curriculum and classroom libraries.

Dr. Lisette Caesar (Dr. Liz) is a retired New York City public school principal. She was the founding principal of Mosaic Preparatory Academy. In June of 2008, when she was developing the plans for her school, she wanted a way to build community through a positive behavior approach. She learned about the Bucket-Filling Philosophy and invited Carol McCloud to train her community. Mosaic became the very first New York City elementary public bucket-filling school. Dr. Liz and Ms. McCloud have remained friends to this day.
