Attorney Involvement in Pre-Settlement Funding

At Juris FundUS FL, LLC, we provide pre-settlement funding to plaintiffs with active legal cases. This disclosure explains the requirement for attorney representation and the role of your attorney in the funding process. By applying for funding with us, you acknowledge the terms outlined below.

Requirement for Legal Representation

To qualify for pre-settlement funding, you must have legal representation. This means:

- You must be represented by a licensed attorney handling your legal case (e.g., personal injury, medical malpractice, wrongful death, or other eligible case types).
- Funding cannot be provided to individuals who are representing themselves (pro se) or who do not have an active legal case.

Role of Your Attorney

Your attorney plays a critical role in the pre-settlement funding process to ensure transparency and protect your interests:

- **Case Evaluation:** We coordinate with your attorney to obtain necessary case details, such as the type of case, expected settlement amount, and case status, to evaluate your funding eligibility.
- **Contract Review:** Your attorney will receive a copy of the funding agreement to review its terms, including fees and repayment conditions, to ensure it aligns with your case and financial needs.
- **Repayment Coordination:** If your case results in a settlement or award, your attorney will facilitate repayment of the funding advance, including applicable fees, directly from the settlement proceeds.

Your Responsibilities

To facilitate the funding process, you agree to:

- Provide accurate contact information for your attorney.
- Authorize your attorney to share relevant case details with us.

- Consult your attorney before signing the funding agreement to fully understand its implications.

Our Commitment to Transparency

We are committed to a clear and ethical funding process:

- We work directly with your attorney to ensure all parties are informed and aligned.
- We comply with all applicable state and federal regulations governing pre-settlement funding.
- Funding is not available in states where prohibited, including Montana, Arkansas, Kentucky, West Virginia, Maryland, and Washington D.C.
