

# Terms and Fees Transparency Disclosure

**Juris FundUS FL, LLC**

Effective Date: September 4, 2025

## Our Commitment to Transparency

At Juris FundUS FL, LLC, we are committed to providing clear and transparent information about the terms and fees associated with our pre-settlement funding services. This disclosure outlines the key aspects of our funding agreements to help you make an informed decision. By applying for funding with us, you acknowledge the terms described below.

## Nature of Pre-Settlement Funding

Pre-settlement funding is a non-recourse cash advance, not a loan. Repayment is contingent on the outcome of your legal case:

- If your case results in a settlement or award, the advance, including applicable fees and interest, is repaid from the settlement proceeds.
- If your case does not result in a settlement or award, you owe us nothingno repayment, no out-of-pocket costs.

## Fees and Costs

Pre-settlement funding involves fees and interest, which vary based on the specifics of your case:

- **Fee Structure:** Fees are determined by factors such as the case type, expected settlement amount, and estimated case duration. These may include a flat fee, percentage-based fee, or interest rate applied over time.
- **Transparency:** Before signing, you will receive a detailed funding agreement outlining all fees, interest rates, and repayment terms in plain language.
- **Impact on Settlement:** Fees and interest will reduce the amount you receive from your final settlement. We encourage you to review the agreement with your attorney to understand the total cost.
- **No Hidden Fees:** All fees will be disclosed.

## Attorney Review

We require that you have legal representation to apply for funding. Your attorney will:

- Review the funding agreement to ensure it aligns with your case and financial needs.
- Coordinate with us to provide case details for evaluation.
- Facilitate repayment from settlement proceeds, if applicable.

## **Regulatory Compliance**

We adhere to all applicable state and federal regulations governing pre-settlement funding:

- Funding terms comply with consumer protection laws in states where we operate.
- Funding is not available in states where prohibited, including Montana, Arkansas, Kentucky, West Virginia, Maryland, and Washington D.C.
- We provide clear, itemized disclosures as required by states like Maine, Ohio, Nebraska, Oklahoma, and Vermont.

## **No Legal or Financial Advice**

The information provided in this disclosure and on our website does not constitute legal or financial advice. We strongly recommend consulting your attorney before entering into a funding agreement to fully understand its terms and implications.
