SOY CANDLES BURN CLEAN, LONG, AND PERFECTLY PURE. 45 HOUR BURN TIME.

Eco-Living Starts Here

We throw away 100 billion single-use plastic bags each year—that is about 300 bags per person. Make an impact now and always carry reusable bags.

Sip Sustainably

We designed each detail of these water bottles with intention, and feel confident that you'll be much more excited to reach for one of these in the cabinet than a plastic one. The dishwasher-safe base is made from glass and covered by a silicone sleeve for added resilience and style, and the bamboo lids lend even more eco-friendly flair.
