FEBRUARY

“At times we hear people speak the wrong words; we hear them make wrong decisions while we have a theory which is contrary to theirs. Do not keep silent and do not keep the idea in your MIND! Voice it out!”

You have often heard it being said that "if you want to go down a path where many are coming back, ask them why they are coming back?" People may never want to listen to you and at times even say that you are making noise. Do not be afraid, speak about your experience. Never be ashamed of it!

"We have entered an era in our lives where, those who did not want to hear from us, will hear from us. So rejoice if they rebuked you because very soon they will celebrate you. So hold on to it!"
