

Below is our **Weekly Schedule**. We have added games on some mornings and an evening game on Wednesday. The Wednesday Open game is an Over/Under game in which players with over 1000 points pair up with a player with fewer than 1000 points! Play with the best and learn! Sign up at the partnership desk for a partner. If both players are under 1000 points, they can play with each other, but two over 1000 players can't!
