Voyager 3.0 Emergency Relief

- Affordable: List price at \$4,000 is much less than any other bike camper, truck camper, or RV.
- Adaptable: Voyager 3.0 can be a push Cart, Bike camper, Trailer camper, or Truck camper
- Scalable: Long lasting, Non flammable, Mass produced Rotational Molding (Rotomold) chassis.
- Stackable: Can haul 50 - 100 units in one semi truck for immediate deployment
- Durable: 1" wind resistant poles, 190 GSM poly/cotton Shell, 210 D Coated Waterproof rainfly

Homelessness Solutions

- Situation: Supreme Court Ruling / Local Laws prohibiting camping in public areas.
- Actions: Dismantling Encampments across the country.
- Solution: Sanctioned Encampments where everyone has their own bed, storage. Shared access to bathrooms, showers, and other services.
- Leveling Up Concepts

Leveling Up Concepts

Level 1: Sanctions encampments: (e.g., Camp Hope, New Mexico / Raphael, Ca).

Level 2: Cooperative arrangement using solar credits and electricity to cover cost (e.g., Veterans Home/HELP of Southern Nevada)

Level 3: Partnering with Government for Good Sam and KOA sanctioned encampments nationwide.

Minimalist Solutions: Persons saving money and lowering carbon footprint
