

PAST PERFORMANCE QUESTIONNAIRE

The contractor you are receiving this document from intends to offer a bid to the Federal Bureau of Prisons for an upcoming project. As a potential bidder who may receive the contract, it is required by law that Past Performance be examined. The intention of this request is to ensure contractor responsibility prior to expending *your* taxpayer dollars and awarding a federal contract. It is imperative before we award tax dollars to firms, they are deemed capable and responsible.

A brief one (1) page survey is attached with a second page for comments. Please ensure you provide your professional opinion in the comments section so that I may combine your rating and comments into a fair rating. **The deadline for response is no later than July 30, 2025, at 1:00 P.M.** CST on the day of the bid opening. Please scan and email back, and don't forget to print your name and sign the signature block.

This document, once completed, must be emailed to knjohnson@bop.gov. Do not return this document to the Contractor who forwarded you this document.

NBT Construction performed two projects where I was the assigned COR. Both instances NBT displayed a high level of workmanship and strives to keep ahead of project period of performance timelines. NBT proposals for additional work were in the best interest of project success to ensure longevity and performance. I highly recommend NBT for any future projects.
