# The Beachcomber

*Hernando Beach Property Owners Association Newsletter*

Our next meeting will be held **Thursday, October 1, 2026 at 6:30pm Hernando Beach Yacht Club**
**4163 Shoal Line Blvd.**
Doors open at 6:00pm.

~~~~~~~

**The purpose of this organization is to unite the property owners of Hernando Beach.**

## PRESIDENT'S MESSAGE

Hello everyone. In a bit of a departure I am starting this letter with a personal confession and reflection. Inputs for the Beachcomber are due on the 10th of the month to allow for assembly, editing, printing, and distribution of the finished product to our mailboxes before the next meeting. Well, I had a busy week, was distracted, and realized only just before bed on the 10th that I'd be late. When I sat down to write the next morning the realization that it was 9/11 hit me hard and made it very difficult to focus and find my muse. Instead my thoughts kept going to the feelings and memories that come to the surface each year on this tragic date. 9/11/2001 was a day marked not only by infamy but also by extraordinary heroism and selflessness. As horrible as it was, in its aftermath we experienced a renewed sense of American pride and solidarity, that our shared humanity and values as Americans mattered more than our differences. How I wish we could recapture that ideal.

Thanks for indulging me in these memories and reflections which actually have brought me to the realization that in many ways HBPOA is a microcosm of these positive values and lessons. We put aside our petty differences to focus instead on our shared experience of living together in a very special place and as part of a true community, on sharing information, on engaging with each other and with the broader community around us, and all while fostering the common good, and enjoying fellowship and some shared fun.

This leads me to discussing our September membership meeting which incorporated all of these elements and included two very interesting and informative

presentations. Our first speaker was Ben Cooper, WREC's district manager for West Hernando. Ben spoke about WREC's core business of delivering power to it's members in a very cost efficient manner and also about some of their community programs and initiatives. As an example he pointed to their large scholarship program which is funded at no added cost to members by utilizing capital credits that remain unclaimed after three years. Ben also brought Ryan, a lineman, along to help field technical questions. Ryan also was a participant in and spoke about the "Light Up Navajo" program. This is an on-going service project to bring electricity to remote Navajo communities which have never before had it. It was obvious from Ryan's remarks how impactful this has been both to the Navajo communities and to all of the WREC team members who participated. Our members were very appreciative of WREC's services and particularly their proactive approaches to minimize outages and also to protect us all by shutting down our grid to protect us from fires during major storm and flood events.

The next presenters were Hernando County Engineer, Todd Crosby and utilities engineering project manager/liaison, Josh Walker. They discussed and answered questions about the delays and current status of the Calienta project. Todd also discussed possible future roadway projects in our area including a longer range possibility for improvements in the triangle at Shoal Line and Osowaw. He mentioned that some thought is being given to eventually installing a roundabout to replace the triangle intersection. This conversation was met with a lot of questions and skepticism. It was suggested that current signage is problematic and confusing and should be addressed before any other major, and expensive, project is even considered. There were also concerns expressed regarding who such a project would mostly benefit. Todd reiterated that this is only early discussion at this point with no current plans. Josh spoke about a number of other utility projects which might happen over the next few years. He will continue to keep us informed regarding Calienta and future projects as they firm up.

A big HBPOA thanks goes out to Ben, Ryan, Todd and Josh for sharing their time and knowledge. We then extended our usual break

so that everyone could enjoy ice cream with all the toppings served up by our wonderful hospitality volunteers. Getting back to business following the break and ice cream, I asked for volunteers for a nominating committee. This group is charged with reaching out to all members and bringing forward candidates to serve on the 2027 Board as officers or directors. Many thanks to Jerry Markuson, Valerie Shelter, and Gary Robbins for agreeing to serve on this important committee. Neither our current VP nor our Secretary will be able to continue in those roles next year, leaving two officer spots to be filled as well as probably one or two director seats. Please consider stepping up and please feel free to contact me or any of the Board or committee members for more information about these roles.

Bill Roberts is our landscape committee chair and is also on the Board of the Coastal Hernando Business Group. Bill described how the business group noticed the overgrown appearance of the Triangle at the intersection of Shoal Line and Osowaw and, realizing that any county action to maintain its appearance would likely be minimal, decided to hire a landscape contractor for both a

*(Continued from page 3)*
major initial clean-up and then ongoing monthly cosmetic maintenance. This was done with the county's awareness. The CHBG's cost for the initial clean-up was $1250 and the maintenance will cost $250 per month. CHBG is looking to their members and other HB commercial entities to bear much of the cost but has also asked that HBPOA consider sharing some of the ongoing cost. The discussion was positively received and the Board will consider this at our next meeting and report back.

Jen shared the Treasurers report which was previously sent out via email and then introduced a slide show of all the entries in the "Hernando Beach Life" photo contest. This took quite a while since there were close to 80 entries. Attendees were asked to vote for their favorite photo before leaving. When all the votes were tallied after the meeting Jen announced that the prize went to Bridget Jorge. Congratulations Bridget and thanks to all of the other entrants. It was a tough choice.

The official proposal for a change to our bylaws to extend our geographic reach was formally presented to and accepted by the Board at our recent meeting. Per the proscribed amendment process, Bylaws Committee chair, Barry Holland, presented it to the membership at the meeting. The proposed change would make any property owner in the same coastal flood zone as Hernando Beach and within Hernando county (both south and north of Hernando Beach proper) eligible to join our association. (*Please see the explanation, proposed wording and map on page 8 in this Beachcomber*). Major pros discussed were giving HBPOA a greater level of visibility and a larger voice when interacting with government entities and agencies and also the ability to attract new members from the neighboring areas which share many of the same issues and concerns as we do with regard to development, environmental impacts, flooding and storm recovery. The cons raised centered mostly on possible dilution of our focus on HB unique issues and a preference to drive membership up within the existing geography before looking beyond. Whether or not we expand our footprint there was a general feeling that we do need to more aggressively market ourselves to attract and retain new members and we will work on that in any case. The expansion proposal must now be voted on by the membership at our next business meeting. Because our October meeting will be a social event, the vote will be held during our meeting on November 5th. In addition to voting on the expansion proposal we may also need to vote at that meeting on officers and directors if multiple candidates are identified for a seat. So please try to attend so you can participate in these key membership votes.

HERNANDO BEACH MARINA

Hernando Beach Marina is an all inclusive FULL SERVICE marina with mechanical/boat maintenance, ship store, boat rentals and bottom painting.
We have the most reliable High/Dry with three forklifts and Wet Slips available for rent and transients.

**You'll feel confident in storing your boat in our safe gated yard.**

- Protection against the elements
- Secure gated facility
- Access to work/wash racks
- Unlimited launches
- Dockhand assistance
- Three Forklifts for faster and more convenient service
- Certified mechanics on site
- Ship Store
- **High & dry building with 359 spots available**

**Restaurant on premises.**

**4139 Shoal Line Blvd, Hernando Beach, FL 34607**
**Phone: 352-596-2952**

As I just mentioned, our next meeting on October 1st will be a social event with no business meeting so please come and enjoy HBPOA's Octoberfest. There is no charge for this event and there will be a cash bar available. We will be supplying brats along with another meat. Please bring an appetizer, dessert or your favorite dish to share. This is just one of several major social evenings throughout the year put together by your hospitality committee. Weather permitting it will be held downstairs at the Yacht Club.

I know this letter has gotten pretty long, as was our last meeting, but we did have a lot to share. The Fall is a busy time following our Summer hiatus and as we need to prepare for the next year. Thank you all again for indulging my comments and reflections at the beginning of this letter. I'll wrap up with the reminder that our food drive and commitment to *People Helping People* is ongoing so please continue to bring your nonperishable food donations to any of our meetings.

I hope to see many of you at our Octoberfest celebration - PROST!

## HBPOA Geographic Expansion Proposal September 3, 2026

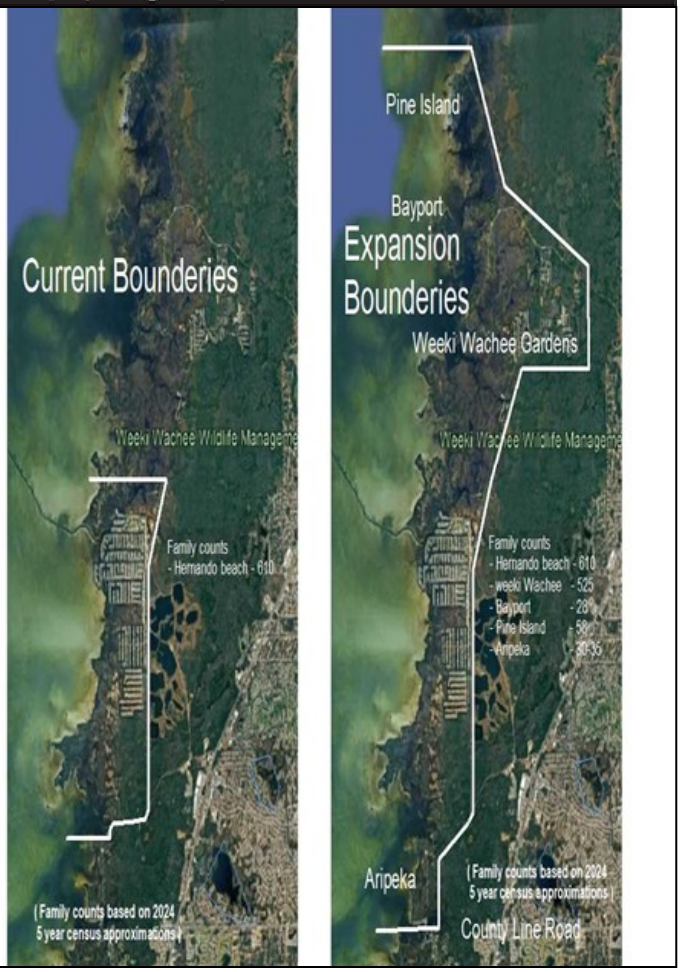

Possible expansion of HBPOA's geographic footprint including several alternative definitions has been discussed at several previous Board and membership meetings.

Any change requires an amendment to the by-laws which must be done in compliance with the specific process described therein.

Accordingly, a motion was adopted by the HBPOA Board on August 31 to potentially expand the geographical borders of the HBPOA to include all homes and businesses within the designated Hernando County Flood Zone.

The next step in the process requires that the proposal be formally presented and discussed by the membership which is what we are doing tonight.

Finally the membership vote to accept or reject the amendment can then be held at the next membership meeting.

## HOW NOT TO BE A VICTIM OF A BURGLARY:

By: Craig Fulton

We are all lucky to live in the Hernando Beach area, as our crime rate is low. Geography plays a part as we are remote enough to deter walking to our neighborhood (to steal). We are bordered by water or undeveloped land on much of our perimeter. Many streets in the South & Middle have straight open lines of sight, and suspicious people would be noticed. However, FDLE statistics show 366 burglaries were reported in Hernando County in 2021. In addition, 1788 cases of theft were reported.

Here are a few tips to avoid being a victim:

Note that house burglars operate Monday-Friday daytime, while most people are at work. Most want to avoid confrontation with a homeowner.

Find a neighbor you trust and trade phone numbers. The goal is to have someone keep an eye on your house when you're not there. Let them know when you work, who lives in the house, and advise them if you're going to be on a trip. Everyone should have the Sheriff's Office non-emergency phone number in their phone- 352-754-6830. Call if you see something suspicious. Never feel you are calling about something insignificant. They know how to prioritize response to calls.

Have quality locks on all entry doors and use them. Make sure your windows are latched. Keep your garage door down unless you are actively using the garage. There is a subset of burglars who drive around only looking for open garage doors. They enter and steal lawn equipment, etc.

Video and alarm systems can prevent or solve burglaries. The video quality needs to be sufficient to capture a clear photo of the suspects face. Alarms need to be monitored & sensors need to on every

possible entrance point.

Have a list of model & serial numbers for your electronics and firearms, full descriptions (stone type, shape & color) and photos of jewelry. Keep it in a safe place. This allows detectives to search computerized pawnshop files.

Most house burglars won't be able to force open a safe, get one you can afford. (Burglars who target businesses are more prepared.) Make sure your safe is bolted down or too heavy to move. Laptops with password protection are harder for thieves to sell.

This is a message from the Hernando Beach Crime Watch. We meet every month on the third Thursday at 6:00 P.M. at the VFW Hall on Shoal Line Blvd.. All are welcome to attend. Hope to see you there.

*"Craig Fulton was in law enforcement for 32 years, 28 of which as a burglary detective for a large police agency in Florida."*

## COMMUNITY LANDSCAPING UPDATE

Triangle Park and Dolphin Fountain restoration report by Bill Roberts

*Triangle Park and Dolphin Fountain help welcome residents and visitors into our beach community. With continued support, volunteer participation, and shared pride, these familiar spaces can once again feel cared for and inviting.*

**Why the Sites Were Returned to the County**
Earlier this year, Triangle Park and Dolphin Fountain were officially returned to the county. The monthly water and electric bills, along with insurance requirements, had become difficult for our shrinking association to manage and created significant legal risk.

Since I became Landscape Chairman in 2020, there have been more than ten accidents at the Triangle. Eight vehicles have been pulled from the pond and park because drivers did not have adequate warning of the curve and stop sign at Osowaw Blvd. Rumble strips were installed in summer 2023, but more accidents have occurred since then. Returning the sites to the county helps protect the association and its members while keeping attention on the need for safer, better-maintained public spaces.

**Why Maintenance Still Matters**
Because the sites have been neglected, their condition has become a shared concern across the community. Businesses and residents agree that Triangle Park and Dolphin Fountain are important entry points, and their appearance reflects the care we take in our neighborhood. Many residents have also spoken up on social media, not only to express concern, but also to offer time and effort to help restore these spaces as attractive, welcoming areas.

**Community Support Already Underway**
To help move this effort forward, the Coastal Hernando Business Group (CHBG) funded a commercial cleanup for the Triangle hiring a local landscape service run by Anthony Callari – a longtime beach and county resident. *Callari Landscaping* (352-340-8188) has a monthly contract with CHBG to maintain the Triangle.

*FAX (352)686-1321*
*TOLL FREE (888)559-6266*

***WE KNOW WATERFRONT PROPERTY AND IT'S UNIQUE INSURANCE NEEDS!***

The CHBG would also like to help maintain Dolphin Fountain with financial support from HBPOA and hands-on help from community volunteers. The site is smaller and does not require large landscaping equipment.

**How Volunteers Can Help**
There are many practical, visible ways for neighbors to make a difference. Volunteer opportunities include weeding the Dolphin Fountain greenspace, cleaning the sculpture pond, planting seasonal flowers at the Dolphin and Triangle, trimming bushes, and regularly picking up windblown trash. The commercial service hired by CHBG will handle heavy lifting, but residents who can contribute time, gardening experience, or general cleanup help would be a welcome part of the restoration effort.

**Want to volunteer?** Contact Bill Roberts at director.billroberts.hbpoa@gmail.com to be included in future volunteer opportunities and help keep these community spaces looking their best.

## HOSPITALITY COMMITTEE

By: Judith Hughes

Hello Hernando Beach,

During this experience called life we never know the future with certainty and we can never predict what stirs us. One day while attending a Hernando Beach Yacht Club Ladies luncheon, I sat next to one of our members who is also a member of HBPOA. I knew she was an Air Force veteran but I had no idea that she was about to embark on an honorable mission. That mission is called Honor Flight 39. **That stirs me!**

I knew a little about the Honor Flights but I never suspected that someone I knew would have the honor to accompany a special veteran to Washington DC. During our conversation, I also learned that another member of our Yacht Club, Andrea Soldini, was involved in this project.
On August 29, 2026 Stacy Finsterbusch and Andrea Soldini, drove to Ft. Lauderdale to meet their Honor Flight 39 Veterans. They accompanied Veterans David and Steve on a flight to our Nation's Capital, Washington DC, in which they visited memorials built in their honor and heard stories which are special to our Veterans. It was a very long day but one that will be written in the journal of their lives forever. We have special folks among us. This experience called life is full of significant accomplishments. As you chat with your friends and neighbors, open up the conversation about their life's journey. You may be surprised by their talents, their careers, the things that bring them happiness, and their accomplishments. (See photos on page 20)

Here is a link in which you can learn more about Honor Flights:
https://www.honorflight.org/

During the month of October we begin to think about autumn. Apple cider, pumpkin pie, home cooked foods, and cooler weather are on our minds. As of this writing, hurricane season seems to be at bay but we still must be vigilant. The season doesn't end until November 30th.

## HB HAUNTING FOR HUNGER HALLOWEEN BOAT PARADE

Bottom Dwellers Scuba and Charter, in partnership with the Coastal Hernando Business Group and our sponsors, is excited to announce the first annual Hernando Beach Haunting for Hunger Halloween Boat Parade. This community event brings decorated boats through Hernando Beach canals to collect food donations for People Helping People (PHP), an interfaith and secular nonprofit serving people in need in Hernando County. PHP owns and operates the HELP Center at Kass Circle in Spring Hill, and your support will help stock their shelves for the holiday season. We invite boaters, dockside residents, and local businesses to take part by entering a decorated boat, donating food from the parade route or one of our local donation stations, or becoming a sponsor with a $50 donation as we work toward our goal of $5,000 in cash and food donations.

There is NO charge to enter your decorated boat in the Haunting for Hunger Halloween Boat Parade. To join the parade, simply plan to attend one of our soon-to-be-announced Captain's pre-parade meetings, where we will share the route, staging details, safety reminders, and everything else you need to participate.

**To become a sponsor or enter your boat in the parade, call Heather at 352-737-6999.**

Residents along the parade route can also take part without leaving their docks.

Our scary boat fleet will collect food for PHP along the parade route. If you would like to donate from your dock, just flash a light and one of our boats will pull up to collect your donation. PHP requests canned fruits and vegetables, pudding or fruit cups, instant mashed potatoes, canned meats such as tuna, chicken, or beef stew, canned pastas, soups, fruit or granola bars, peanut butter, jelly, and crackers.

**Date: Friday, 30 October.**

Time: Staging starts at 6:30pm Hernando Beach Snapper 1 Canal in front of the Hernando Beach Yacht Club and the parade starts at 7:00pm into the dark scary night.

Where: Decorate your boat to scare and delight residents along the parade route, Marlin Canal to Cheeks Creek Canal to Rock Bass Canal to Marlin Canal. Along the way residents can flash a light from their dock and a boat will pull up to collect their donation of food for PHP and in return receive a Halloween treat!

VACATION LAGOON HOME Realty WHERE YOU LIVE

*(Continued from page 17)*

The first Saturday in September brought back Hernando Beach Front Porch Art Walk after a two month summer hiatus. It was so good to see our talented artists again and to greet the many attendees.

Hernando Beach Property Owners began again in September. We meet the first Thursday of each month with a social hour at 6:00 PM. Meetings begin at 7:00. Please come by and see what your community is doing and bring a friend or neighbor. If inclined, please bring non-perishable food items to the meeting. We support People Helping People www.phphernando.org.

Our October meeting will be a casual one. Oktoberfest Celebration will be on the lower level of the Yacht Club. See you there!

Until November!

THE
TRACIE MALER
GROUP

**1,100+ Families Served. One Trusted Team.**

"Wonderful people to work with! My husband and I highly recommend The Tracie Maler Group. They handled the sale of our home and purchasing our new home. Tracie, Kathy, Sheila and Tricia did an excellent job for us! They were always so responsive to any questions or concerns we had. If you're looking for a great real estate team, do yourself a favor and give them a call" ~ Denise F
