

TRIO KLEEN™

Housekeeping

Nu-Karpet Kare™

Clean and odour free carpets and fabrics.

ALL SURFACE CARPET AND FABRIC CLEANER AND STAIN REMOVER

DESCRIPTION

Nu-Karpet Kare™ for biotechnological cleaning, stain removal and control of odours on carpets and upholstery. This multi-purpose wonder replaces an entire range of products, such as stain removers, extraction-type cleaners, shampoo, odour controllers, wet-bonnet method machines, pre-spotters, Spray'n Vac, etc.

USE

Nu-Karpet Kare™ is just the thing for cleaning carpets, sofas, car seats, drapes, curtains and any other upholstered surfaces.

Nu-Bio Scrub™

Spotless restrooms with no soap or scale residues.

DESCALER AND CLEANER FOR SOAP SCUM AND SCALE RESIDUES

DESCRIPTION

Nu-Bio Scrub™ is a concentrated cleaner and descaler that removes soap scum and mineral deposits from surfaces.

USE

Nu-Bio Scrub™ is ideal for cleaning showers, bathtubs, urinals, toilets, faucets, drinking fountains, stainless steel sinks and other surfaces exposed to water and/or soap scum. Can also be used for cleaning metals such as stainless steel, brass, copper, etc., without damage.

Nu-Multi Kleen™

Spotless, clean smelling rooms.

ALL PURPOSE AND ALL SURFACE CLEANER

DESCRIPTION

Nu-Multi Kleen™ is a concentrated all surface biotechnological cleaner, with a highly effective malodour counteraction effect.

USE

Nu-Multi Kleen™ is ideal for floors, sinks, countertops, mirrors, windows, etc.

UNIQUE BIOTECHNOLOGICAL PRODUCTS

We use bacteria which are nature's cleaners. These enable InnuScience products to efficiently and effectively clean whilst digesting organic matter.

The bacteria provide the residual cleaning action in our products, but the initial clean is mainly done by fermentation extracts, enzymes and green surfactants.

Our highly biodegradable cleaning actives instantly lift dirt from the surfaces.

Simultaneously, our lab-made fermentation extracts break down the dirt and grime - making them even easier to dissolve in water.

Finally, our natural bacteria get under any porous surface, digesting the newly dissolved dirt, which eliminates residual odours. The result is a quick and deep clean, with long-lasting odour control effects.

Our bacteria continue cleaning and penetrating porous surfaces days after cleaning, keeping surfaces cleaner for longer.

Low impact on nature and health

Highly Concentrated

Unparalleled performance

Innovative

Customised formulas

Designed to target specific dirt

COMPLEMENTARY PRODUCTS

Trio Kleen™ allows you to take care of your general cleaning. InnuScience also offers you complementary products that meet your different cleaning challenges and specific needs.

Nu-Smell Plus™

Concentrated destroyer of unpleasant odours.

Leaves a fragrance that continues to eliminate odours at the source.

Nu-Action 3™

All purpose strong degreaser and floor cleaner.

Combats with mineral oils from petrol and oil-based dirt.

H&H 103C Cleaner Sanitiser

Incredibly concentrated to give a very economical dose. Hard on bacteria and heavy on dirt. Certified to BS EN 1276. Certified EN14476:2013 A2 2019 effective against COVID-19.

Nu-Cycle N™

Concentrated detergent for microfibre.

Regenerates the absorption capacity of microfibre mops and cloths, lasts up to 5 times longer.

Nu-Fuzion Concentrate™

Specialised heavy-duty eco-degreaser.

Designed to replace the abusive use of solvents and highly alkaline products.

Nu-Multi Odor™

Manual or auto dosed.

This product can also be used as a pipe, drain, urinal and trap maintainer.
