Southport, NC 28461

Jenny,

On behalf of the St James Fishing Club (SJFC), we are pleased to make a donation in the amount of \$350.00 in support of the SBHS FFA Club.

The St. James Fishing Club has a long and strong relationship with with the SBHS Agriculture and Aquaculture Program. This program has raised fish, which have stocked many of the ponds in St. James each year. Their students have also volunteered to assist us in running our annual Youth Fishing Derby as well ad assisting in the shoreline restoration project at Waterway Park.

The SBHS FFA Club supports agricultural education which is important to our Community, County, and State. The St. James Fishing Club is proud to donate to such a worthwhile endeavor.

Best regards,
