

CHANGE - Founded in 1979 by producers Jacques Fred Petrus and Mauro Malavasi, **CHANGE** emerged as one of the most influential R&B, Soul, Disco, and Funk dance groups of the early 1980s. The debut album, *The Glow of Love*, delivered two International anthems: *The Glow Of Love* (title track) and *Searching*, both featuring the unmistakable lead vocals of Luther Vandross, propelling the group to global recognition.

Over the next decade, **CHANGE** released 8 albums that seamlessly fused American R&B, Italian production, and live studio musicianship. Hits like *Paradise*, *Change of Heart*, *Holiday*, *You Are My Melody*, *Hold Tight*, and *Miracles* dominated Billboard's R&B and Dance charts, earning the group a devoted worldwide following.

The legendary **CHANGE** sound focused on lush arrangements, a tight rhythm section, and soaring vocals. This polished, groove-driven sound helped to bridge disco, funk, and the emerging 80s R&B landscape. Their influence echoes today in house music, neo-soul, and countless samples by contemporary artists.

CHANGE remains a dynamic *Live* band, bringing that same elegance and energy to the stage. Their setlist of timeless hits creates an instant party, while remaining 100% family-friendly, making them a standout for community festivals, civic and private celebrations, casino theaters, and outdoor concert series. From Uptown block parties to International stages, **CHANGE** proves that great songs never go out of style. The *Glow Of Love* is still burning.
