Good Evening All,

It is with much thought and reflection that I submit my resignation from the SEACAP Board effective November 5th, 2021. I am honored to have served and learned so much in my time with the board.

I am sending in my resignation because I will be done working at the Greenlee County Health Department as of November 5th. I am taking a step back to raise my children while I have these precious years with them.

SEACAP is an amazing organization and I know you will continue to do amazing things in the future.

Respectfully,

Haiden LaFoy R.S. 1210  
Environmental Health Specialist  
Greenlee County Health Department
