

# COMMUNITY TESTIMONY:

"Thank you for your generous donations to our family. You have made this extremely emotional experience a little easier to travel."

"I just wanted to say the goody bag we received at MUSC has helped us. You definitely don't want to hear the word cancer, but the thought of a goody bag from a perfect stranger that can relate to what you are going through really means a lot. I hope Pickle continues to thrive because this difference that this has made in our lives gives us hope."

"As 2024 comes to an end, we want to express our sincere gratitude to you and Pickle's People. When our community was devastated and in crisis following hurricane Helene, you selflessly offered your support. When we told you what our community needed, you offered support without hesitation. We cannot thank you enough for being a beacon of hope to us and our community during one of our darkest moments in WNC."
