

Autism Nature Trail
A Nature Trail for all at Letchworth State Park

DONATION
to Support The Autism Nature Trail
at Letchworth State Park

The goal of the campaign for the Autism Nature Trail at Letchworth State Park is to secure funding to build and sustain in perpetuity a first-of-its kind nature trail in Letchworth State Park. Designed by a nature play specialist and landscape architects, in consultation with academics, practitioners, and family members with firsthand experience of autism spectrum disorder (ASD), the Trail will provide a unique and welcoming experience in nature, inviting those with ASD and other developmental disabilities to push boundaries, explore outdoor activities and develop new skills.
