"I would not suggest anything other than keep plowing away, blooming where planted, and working on your contacts until that NHL job falls for you...it's a matter of time"

Mike "Doc" Emrick - NBC

Chris Cuthbert - TSN, Sportsnet

"I was impressed with your PxP...you were going non-stop but knew when to leave room for breathing space. You work very well with and relate to your color commentators and give them plenty of opportunity to add to the game. I was impressed not only with the work, but also your enthusiasm"
