Our vision is to improve the Quality of Life for two main community groups

1. The Rare Disease Community and under-represented groups.
2. Families and individuals working and living with the effects of rare dementias.

Our company objectives are to:

- 1) Improve quality of life for the community groups we serve.
- 2) Raise awareness about Rare Diseases and under-represented groups.
- 3) Organise community activities and person-centred good quality projects, which will have a positive social impact.
- 4) Engage with individuals and community groups we serve to improve our service.
- 5) Provide networking opportunities, both online and through events which will:
 - a) stimulate community engagement
 - b) reduce feelings of isolation
 - c) raise community competence and empowerment
 - d) promote well being
 - e) promote equality, diversity, and inclusion
 - f) supporting campaigns which promote the quality of life for the community groups we serve.
- 6) Assist with the social and professional integration of disabled or disadvantaged persons.

In carrying out these objects the Company shall act in accordance with the sustainable development principle and aim at achieving the well-being goals, as defined by the Well-being of Future Generations (Wales) Act 2015.
