I

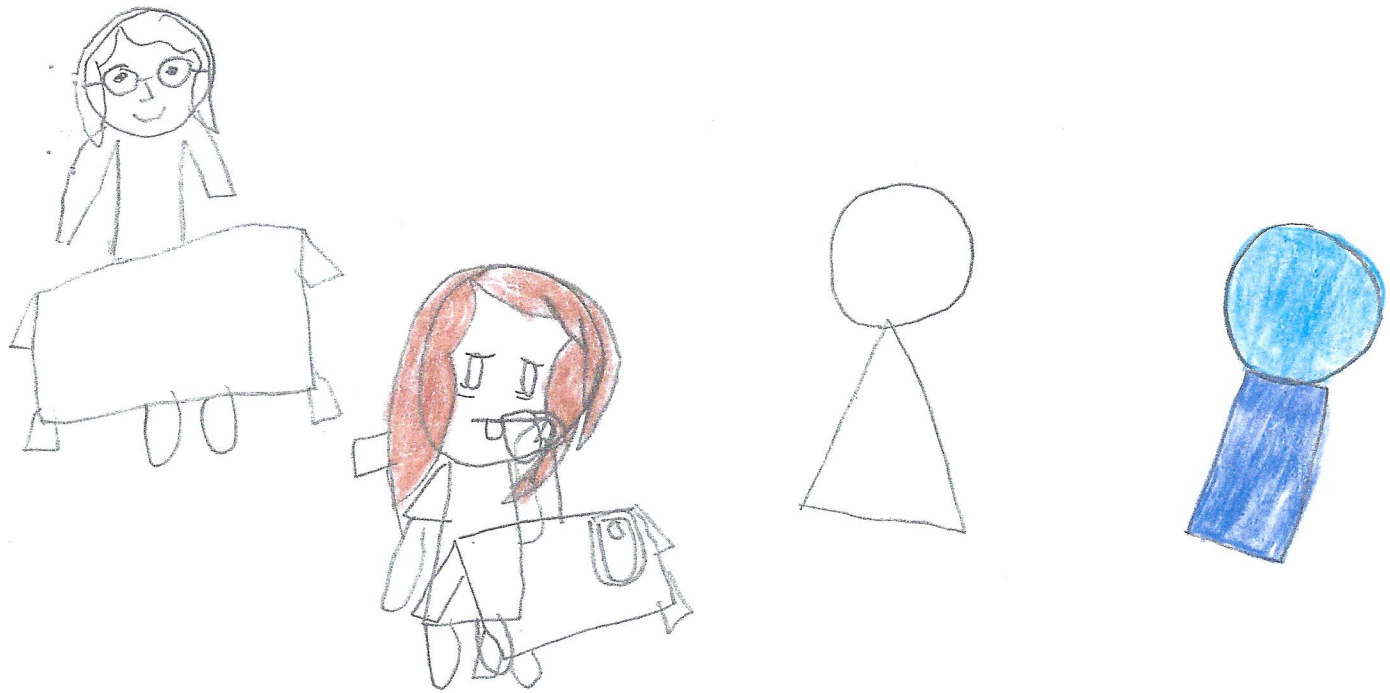

explain

my

Job.

By: Taylor Moster

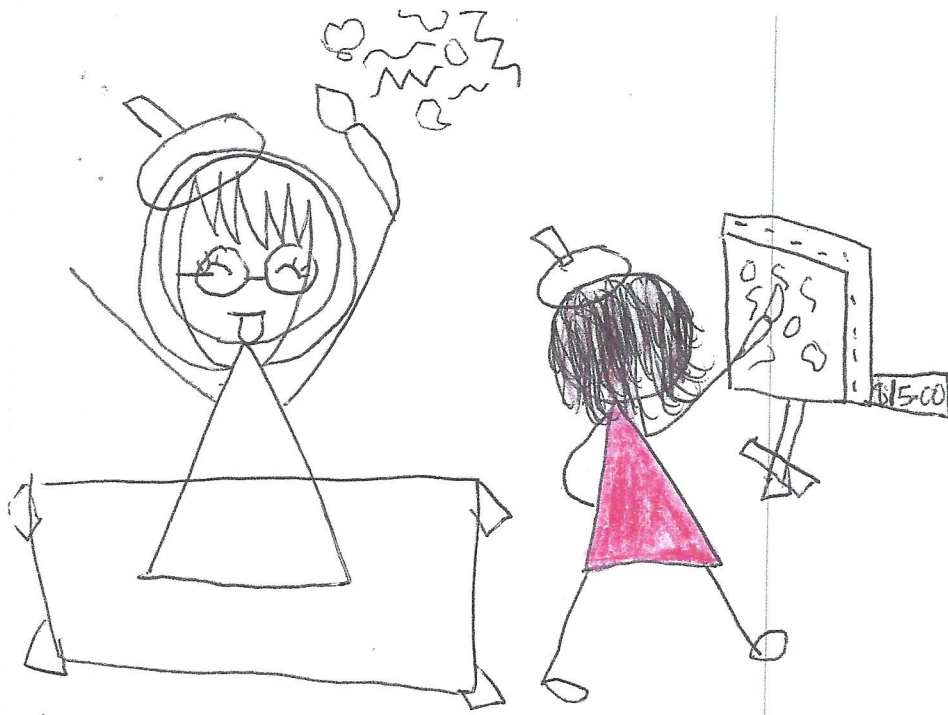

The first ~~thing~~ thing I do when I
get to work is take my break
with the other kids with the staffs
supervision from 9:00-10:00.

After break, I go to my next
class.

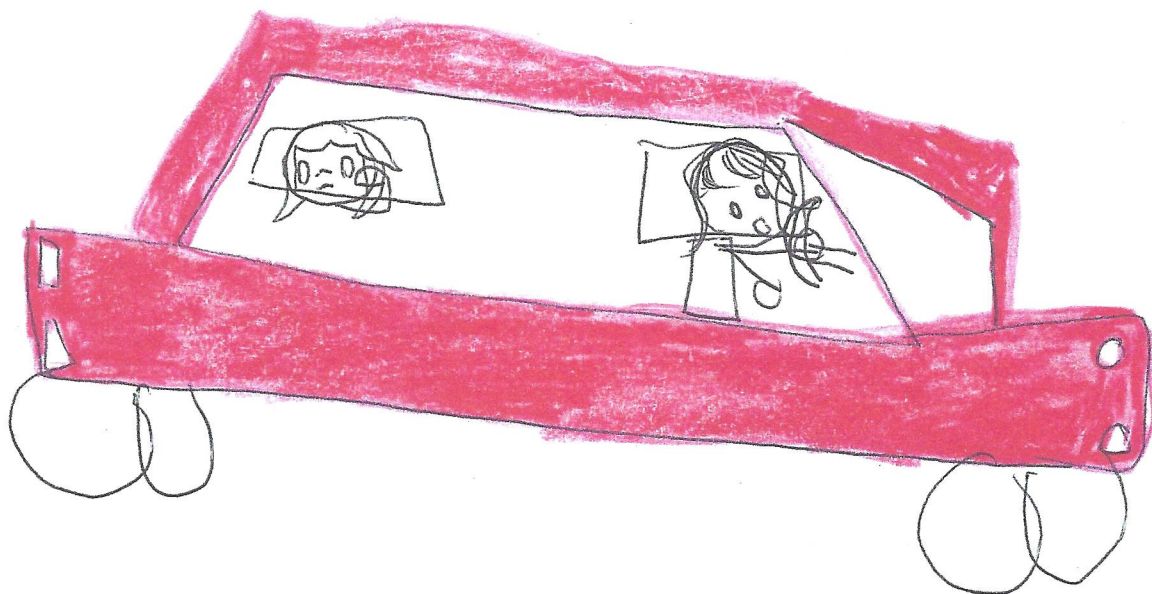

When I'm done with my break. ~~my~~ staff I have for first class I normally have to do my goal which is to G.E.D. work. When I do my school work it's normally been math, Language and history so far.

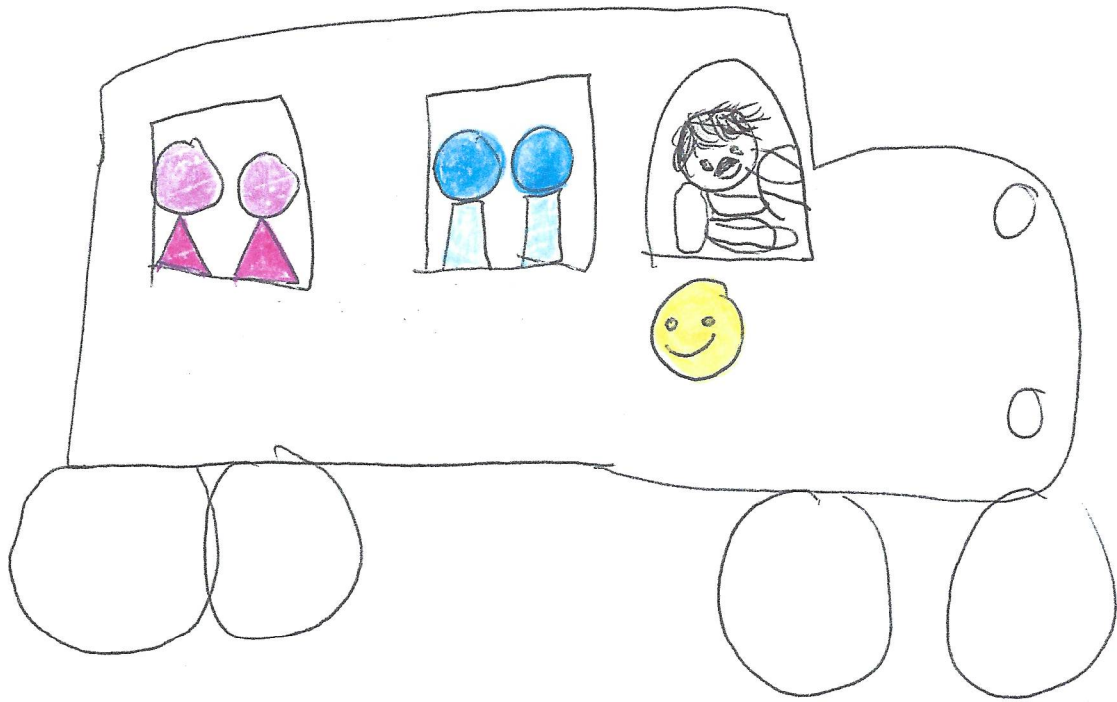

When I'm not doing my
G.E.D. studies I'm making
art work to sell in the store.
I get half of the money
I make.

When I work in the store
I check hanger or make sure
close are in the right place.
my Goals include - Practice making changes
keeping on task and not
talking to customers too much.

On Friday before covid
and we went shart on staff
I had a staff take me out to
the community. My goals are
where to not wonder off
and work on ~~aperopit~~ ~~beh~~
behavior. Aka not talking
to strangers. I forgot one of
my goals where to cross the
street safely.

Finally- After work I ride
the Union County public Transit
aka what I like to call the
happy bus.
