

Capability Statement

www.rkbprofessionalservices.com

Our Mission

To support companies and government contractors with customized solutions to their staffing, contracting, and operational needs. With a vast industry of support personnel and agencies to draw from, RKB Professional Services provides tailored solutions to address your business needs with the highest standard of quality and performance.

RKB Professional Services can also serve as an agent for any public-sector customer by aiding in the qualification of bids through a competitive Request for Proposal (RFP) process in order to optimize benefits to all stakeholders. As part of this service, RKB Professional Services offers project management and program administration solutions.

Core Competencies

- Engineering Solutions
- Consulting Services
- Staff Augmentation
- Administrative Support
- Project Management
- Government Contracting, Qualification and Compliance
