

# Rural High-Speed Internet

The Future is Now  
GOODBYE SATELLITE & DSL

Expand into new markets and reach more customers by taking advantage of our reseller program.

Resellers own the end-to-end packaging and marketing of their solutions, and create a complete solution based on the integration of Verizon products and services

Provide trusted, reliable technology solutions for Rural America, homes, small and medium businesses.

# Satellite Internet or LTE for Rural America

## Satellite Internet

- The latency causes noticeable lags in real-time gaming, video conferencing, and video streaming.
- Great Coverage
- Speeds 25/3
- Latency +600ms
- Recommend satellite internet for web browsing

## LTE

- Latency of, typically, less than 100ms
- Verizon LTE network coverage 98% of Americans
- Recommend LTE for real-time gaming, video conferencing, and video streaming in rural areas without access to cable or DSL
- Recommend LTE for rural residences, and for campers and cars that stay inside the borders of the United States.
- Speeds 10/10 or 20/20

## LTE Rural High-Speed Internet

- Service Your Unserviceable
- Change Customer Packages with NO TRUCK ROLL
- Improve Customer experience & Retention
- Increase Revenues & Profit
- Enable Rural customer to stream HD video & games
- No activation Cost
- In some cases. Plug & Play

## Indoor Systems
