

CASTELLO DI BOLGHERI
— AZIENDA AGRICOLA —

Embracing familial tradition, Federico Zileri Dal Verme has been at the helm of the project “Azienda Agricola Castello di Bolgheri” since the mid 1990s. His vision, passion and commitment, shared with his parents and a first-rate team, brought innovation to the original processes and techniques, and established a new path forward for the ancient winery.

In 2005, winemaker Alessandro Dondi joined the property and embraced the project from the very beginning with the ambition of creating a product of character and quality.

Region & Classification

|country| Italy
|region| Tuscany
|sub-region| Toscana IGT
|DOC/DOCG| n/a
