

TORRE A CENAIA
ANTICA TENUTA PITTI

A 100% organic winery located at the foot of the Pisan hills, Torre a Cenaia offers a serene escape to a world where the age-old balance between man and nature has been flourishing since the 11th century. Spread over an area of about 500 hectares, the estate's rich viticultural history, which came to prominence under Count Robert Pitti of Florentine, is alive in the vineyards, orchards, lakes, fields, and forests, offering a unique experience that blends culture and nature into a single experience. Pale yellow with glints of green, the 2021 Pitti Chardonnay is intensely fragrant with vibrant yellow fruit and floral aromas leading onto a palate that is fresh, savory, and alive with vibrant acidity.

Region & Classification

|country| Italy

|region| Toscana

|vineyard| Podere Salimbeni

|classification| IGP
