

Certified organic, vegan, and utilizing 100% renewable energy, iLauri takes to heart its interdependent relationship to the land with a sustainable artisanal approach that holistically integrates it into the traditions of Italy's still largely untamed Abruzzo. For iLauri, the highest honor comes in displaying the authenticity and intrinsic qualities of each wine as an expression of terroir. This philosophy pays off beautifully in their 2021 'Tavo' Pinot Grigio. Sourced from an exquisite parcel in Italy's northeastern Veneto region, this expression reveals incredible elegance with a silk-like texture underpinning delicate tropical, floral, citrus, and melon notes.
