

## You're Invited!

# Drop-in Open House – 1200 King Road

We would like to invite you to a drop-in Open House to learn more about the future vision for a vibrant, self-sustaining, and resilient mixed-use community at 1200 King Road.

### Open House Details

**Date:** Wednesday, June 26, 2024

**Time:** 4:00pm-7:00pm (drop by any time)

**Place:** Crossroads Unity Commons (1295 North Service Rd, Burlington) –  
Room 116

Members of the project team will be in attendance to share information and hear your thoughts. Mayor Meed Ward, Councillor Galbraith, and City of Burlington Staff, will also be in attendance.

As a result of recent action by the provincial government, this land, a former brick manufacturing factory, which has been dormant for many years, can now be used to help Burlington meet the housing targets it has been given by the Government of Ontario as well as other needs of the City for employment, recreation, and education and to care for the important natural features of the land.

Alinea is working with the City of Burlington to see how this land can be best used to meet those needs. While there has been no approval of any of our concepts by the City, we have been asked by the City to meet with our neighbours to present our current draft proposals and to ask for your insights and advice.

We welcome the opportunity to present our current concepts to you and look forward to your participation in our planning process. This Open House will let us present you with our current proposals and provide you with an opportunity to ask questions and to provide comments and suggestions.
