

Hey, internet lover!

Your property has teamed up with Google Fiber to provide internet plans as an amenity for its residents.

You're eligible to get 1 Gig Google Fiber internet service included with your rent at your property.

Have an existing Google Fiber account?

If you're already a customer, no action is needed, we will automatically update your bill.

Don't have a Google Wi-Fi device? You can request an upgrade from your GFiber account or call us at the number below.

New to Google Fiber?

Signing up is easy! Enter your address on the website and follow the steps to make it official.

Because of your property's agreement with Google Fiber, if you choose 1 Gig service, you'll still get a monthly bill, but it will show that you owe \$0.

Have an account with another provider?

We advise you set up your account with Google Fiber, once your service is active, reach out to your current provider to cancel service.
