BALLET

The classical ballet course of study aims to develop a dancer who will evolve strength of technique, an understanding and appreciation for the subject but ultimately the personal expression, enjoyment and discipline that ballet can promote.

TAP

American tap is recognised as the tap to know. The tap syllabus of the AAD is a complete analysis of tap technique and routines. It contains the full vocabulary of American terms, without which a modern tap dancer is at a loss.

MODERN

The modern syllabus of the AAD demands a high standard of work, a thorough understanding of theoretical and technical details and to be presented with quality of musicality and performance.

ACROBATICS

Acrobats trained in the AAD method are recognised all over the world. Besides being carefully prepared in the physical sense, they are noted for artistry, confidence and showmanship.
