## How Can a Dojang Increase Student Loyalty, Technique, AND Income at the Same Time?

You must face the undeniable truth; you teach TAEKWONDO BECAUSE IT'S YOUR MEANS OF SURVIVAL and BECAUSE YOU LOVE SPENDING YOUR TIME MAKING A DIFFERENCE IN PEOPLE'S LIVES!

If your main source of income is your Dojang then it is YOUR BUSINESS. The ones you spend the most time with will be the ones most loyal to you and your Dojang! Create a Jr. Taekwondo Team so that you can include ALL your students who want special training or who could just improve.

## Do you know how important Tournaments & Dojangs are for each other?

It is not just about going to a tournament anymore. It is about creating an opportunity for your students to take a course in what you teach and boosting your school's skill level. Tournaments & Dojangs are extremely important to each other because they create success for each other. The tournament benefits by creating an atmosphere where there are more competitors for better matching within divisions, and a larger number of participations means more financial support for the tournament & the Dojang!
