Safe and ideal for use on printed circuit boards, controls, battery terminals, switches, precision instruments and electric panels.

WD-40 SILICONE LUBRICANT (NSF H2)

Packaging 12 x 400ml

WD-40 Specialist® Silicone Lubricant safely lubricates, resists water and protects metal and non-metal surfaces such as rubber, plastic and vinyl. This formula dries fast and leaves a clear, non-staining film that doesn't stick or make a mess, so it won't attract dirt. This silicone lubricant spray is great for use on cables, pulleys, guide rails, valves, linkages, hinges, locks and more. Effective in-use temperatures ranging from -100° F to 500° F.
