TERMS AND CONDITIONS

PRODUCTS

Every Talavera piece is hand formed, dried and fired, glazed and painted individually by skilled artisans and then fired again in kilns. Each piece is unique so it may slightly differ from the photo as it appears in this catalog. **TALAVERA IS NOT FROST OR FREEZE PROOF. PLEASE ADVISE YOUR CUSTOMERS TO TAKE INDOORS PRIOR TO THE FIRST FROST OF THE SEASON.**

AVAILABILITY & CANCELLATION

We do our best to ensure items in our catalog are in stock, however, we can not guarantee the availability of any item. DAMAGED MERCHANDISE

If the crate is visibly damaged in transit, notify the driver and please note this on the delivery receipt. Upon delivery, check your order and let us know of any broken items within 48 hours of receiving your merchandise. If an item is broken, please send us a picture to WholesaleSales@potteryexpress.com and we will reimburse you for that item.

Thank you for your business!

The story behind the Talavera

The Talavera that Pottery Express offers are works of art, handcrafted by Master Artisans using techniques that have been passed down generation to generation since the 16th century. The Talavera pottery is produced in the city of Dolores Hidalgo, in the state of Guanajuato.

Each piece is hand molded clay or poured ceramic. The pottery is fired in gas kilns for over a week. After the initial firing, the Artisans begin to glaze and paint; and the figures and planters begin to resemble the works of art you see here.

After being painted and glazed, the ceramics are fired again for about ten days at high temperatures; giving them excellent durability. Each piece from start to finish takes about a month to produce. These age old techniques, vibrant colors and delicate attention to detail produce unique, one-of-a-kind pieces that are truly works of art.

Enjoy the knowledge that you are buying a work of art that is the product of highly skilled Artisans who take pride in their work, using techniques passed down from previous generations.

Talavera pottery is not frost-or-freeze-proof. Like your favorite plant, the pottery must be taken indoors before any danger of frost. Talavera also does not like to sit in water, wet mulch, or be subjected to extreme humidity like a growing greenhouse.
