

Small Engines and Outdoor Power Equipment

- Buy Small Engines and Outdoor Power Equipment. Buy a used small engine or old lawn mower. <https://mowersboy.com/where-to-buy-used-lawn-mowers-near-me/>
- Do the reading, highlight and take notes, review what you read with a real small engine, answer the questions and write down some vocab words.
- What is my goal for doing this class?

Lesson 1:

Familiarize yourself with the entire book.
Read through pgs. 4-5, 6-7, 8-10, 11

Questions:

Define small engine. Pg. 6

What is the purpose of a small engine? Pg. 6

How does a small engine work? Pg. 7

What are the five basic small engine systems? Pgs. 8-9

Think outside the book:

What is horsepower? How is horsepower measured?

<https://www.popsci.com/what-is-horsepower/>

Why Do We Measure.....

<https://www.mentalfloss.com/article/33490/why-do-we-measure-engines-terms-horsepower>

How To Measure Horsepower

<https://www.youtube.com/watch?v=uoySBT9Y4PU>

Vocab:

You write some terms/words of interest and define them.
