Straw Burnisher

\$39.00

- 1 + [ADD TO CART](#)

Also known as a polissoir, the Burnisher is a traditional woodworking tool. It is often used with beeswax to polish and at the same time uniquely burnish a wooden surface.

Our Guild is a non-profit organization of approximately 150 professional and amateur woodworkers, who are dedicated to the promotion of woodworking and the appreciation of fine craftsmanship in the southern Vancouver Island region. The Guild members gather regularly to present their woodworking projects at public wood shows.

We create and maintain a community of people that promote woodworking education, community service and collaborative projects of value to all skill levels and age groups. Our Guild prides itself in our Wood Recovery and Wood for Schools Programs ([read more](#)).

The Guild meets on the second Tuesday of each month from September to June, at Lee Valley Tools in Langford. Our meetings feature excellent speakers and presenters. There is a full suite of education programs including show and ask sessions, weekend clinics, shop tours and many more. There is a library that contains more than 350 books and videos that can be borrowed by our Members. Get involved by being our guest at the next monthly meeting.

It is very easy to join the Guild and take advantage of all of the information and services that Guild Woodworkers are happy to share. Just [click here!](#)

Show and Ask

Workshops and Tours

Founded in 1980, our guild creates and maintains a community of people that promote woodworking education, community service and collaborative projects of value to all skill levels and age groups.

Geoff Vickers – Show and Ask

Eduardo De Filippo:

"Only after having studied, breathed and respected tradition do you have the right to set it aside with the knowledge that we are in its debt for having shown us the way. Naturally, if we remain anchored to the past, our life becomes stagnant, but, if we use tradition as a springboard, we will sail that much higher in the air."
