

	<p><b>Bacteria</b></p> <p>Diet: I eat dead plants and animals.</p> 
<p><b>Anchovy</b></p> <p>Diet: I eat zooplankton.</p> 	<p><b>Shark</b></p> <p>Diet: I eat dolphin and tuna.</p> 
<p><b>Seabird</b></p> <p>Diet: I eat anchovies, flying fish, salmon, and zooplankton.</p> 	<p><b>Phytoplankton</b></p> <p>Diet: I make my own food by photosynthesis.</p> 
<p><b>Zooplankton</b></p> <p>Diet: I eat phytoplankton.</p> 	<p><b>Dolphin</b></p> <p>Diet: I eat flying fish and anchovies.</p> 
<p><b>Tuna</b></p> <p>Diet: I eat anchovies.</p> 	<p><b>Salmon</b></p> <p>Diet: I eat anchovies.</p> 
<p><b>Killer Whale</b></p> <p>Diet: I eat dolphin and tuna.</p> 	<p><b>Flying Fish</b></p> <p>Diet: I eat zooplankton.</p> 

## Make An Ocean Food Web

Cut out the boxes and read the diets of the organisms. Make several food chains then combine them into a food web.
