Selling Apples

DIRECTIONS: Use the pictograph below to answer the questions

One day when Josh was helping his father sell apples at a roadside stand, he decided to make a pictograph of the bushels of apples sold that day. Here is what he did:

1. Of what type of apple did they sell the most? _____
2. How many bushels of each type of apple were sold?
_____ bushels of Golden Delicious
_____ bushels of Red Delicious
_____ bushels of McIntosh
3. If Red delicious apples sold for \$10 per bushel, Golden delicious for \$9 per bushel, and McIntosh for \$8 per bushel, what were the total sales for that day?
