

# Science Skills 7

## Flow Charts

A *flow chart* is a type of chart that shows, step-by-step, how something happens in the order it happens.

Read the flow chart showing the steps to make a pizza. Follow the arrow direction to read the chart.

**Fill in the missing steps.**

1. How hot do you think the oven has to be to cook the pizza? \_\_\_\_\_

2. Name 3 toppings you like on your pizza.

\_\_\_\_\_

3. Where do you order the most pizzas from?

\_\_\_\_\_

# Party Time!

Your parents planned a fantastic party for your birthday. Everyone who came to the party thought it was perfect, especially you.

What would be the perfect birthday party? Make a flow chart with written directions for at least six steps that would lead to a party's success. Use the arrows to show the order in which the steps should be taken.
