

## WHY SUPPORT US

### Restoring Excellence —

The Great American Art Competition is a national effort to revive beauty, skill, and values in American art. We are replacing ideological favoritism with 100% merit-based evaluation, ensuring that great artists rise to the top.

### A Cultural Renewal Begins Here

For decades, the arts have drifted away from serving the public good. TGAAC empowers artists of all ages by awarding meaningful prizes, exhibiting their work in Washington, D.C., and building a new national art collection that will travel the country and start a movement.

TGAAC is a proud partner  
of Freedom 250

### Our mission is simple -

Celebrate the artists who elevate the American spirit and create a new standard for excellence in the United States. America dominated the arts for 100 years and together, we can set up the next 100 years of success.
