To Brenda Schrecongost:

On behalf of David David Gallery, I am writing to endorse the Fae Foundation and its mission of expanding appreciation for the arts, as well as providing financial support to families in need. The Fae Foundation, a nonprofit arts organization, showcases the private art collection of Dr. Zachary Fae, artist, teacher, and scholar.

I have known Dr. Fae for many years. My gallery previously represented his work. For the past twenty-five years, Dr. Fae and his wife have provided financial aid to more than thirty children in the foster care system. Many of these children face, or have faced, special challenges, including mental and physical disabilities, homelessness, and addiction.

The Fae Foundation was started roughly eight years ago. Through the Foundation, sales of artworks in the couple's possession have supported the couple's charitable work. All funds raised through the Fae Foundation Fine Art Collection allow the Faes to provide housing, medical care, education, counseling, and other necessities to disadvantaged children and their families. Additionally, all donated monies, the result of individual, organizational, and corporate giving, go directly to support local children, youth, and families in need.

Among the Foundation's current supporters are the David David Gallery, Rubin & Rubin Tax Attorneys, and the Pennsylvania Academy of the Fine Arts. Now, I am asking you to join them by endorsing the Fae Foundation and promoting the art collection, to help us make an even greater impact.

As a Friend of the Fae Foundation, we cordially invite you to view the Fae Foundation Fine Art Collection. We also warmly welcome you to attend our upcoming special events in the winter of 2018 and spring of 2019, hosted by David David Gallery, to raise funds for the Foundation.

Finally, please take note of Dr. Fae's three published books of art, available in hardback at my gallery, sold individually and as a set. Sales of these excellent books also help raise funds to support the Faes' cause.

The goals of the Fae Foundation are inspiring. The objective of bringing this amassed collection of great artwork to the public eye is more than worthy of your support. Equally worthy is the Foundation's commitment to aiding children in need.

Please join us by partnering with the Fae Foundation, and promote a humanitarian cause and the arts.

I sincerely thank you for your consideration, and we look forward to hearing from you.

With deepest regards,

Carl E. David
