

# SONG MAP TEMPLATE

## Section 1

What is the problem, tension, or conflict driving this song?  
When and where is the song world?  
Can you use some imagery to paint that?  
Who is singing? To whom are they singing?  
How does this set up the TITLE?

## Section 2

What is the escalation of the problem, tension or conflict?  
What is the consequence of the initial problem?  
How else is the problem sensed?  
What happens next?  
How does this set up the TITLE from a different angle? Does it intensify the title, or is it merely the same idea as Section 1 with different images (avoid)?

## Section 3

What is the final escalation of the conflict?  
What is a different way to think of this?  
How would you prefer the situation to be?  
What will this look like a year from now?  
If the previous sections were in the past tense, what is the present moment? How is it different than the past?  
How does this set up the TITLE that's different from Section 1 and 2?
