

## EXPANDING OUR MISSION

- We offer an online resource hub, personalized guidance, and specialized resource navigation tailored to each family's unique needs.
- As the demand for support grows among caregivers for children and adults with disabilities in the valley, we recognize the urgent need to expand our services. To meet this need, we are extending our resource hub to include comprehensive support for adults and children with disabilities.
- We invite all organizations that provide home and community-based services, physical therapy, occupational therapy, mental health therapy, Applied Behavior therapists, psychologists, etc., for adults and children with disabilities to partner with Slope Cares. By joining our network, your organization will be featured in our streamlined, user-friendly resource hub, ensuring that families and caregivers can easily access the services they need without navigating multiple websites.
- Below is an opportunity with a flexible subscription plan to include your organization on our website. This plan allows you to choose the level of visibility that best fits your goals.

## WHY SUPPORT WITH US

**Community Impact:** Your support helps us continue offering free, personalized resource navigation to those who need it most.

**Targeted Audience**  
Reach families and caregivers actively seeking services for individuals with disabilities in your area

**Networking Collaboration**  
Our collaboration extends to agencies such as Parent to Parent Colorado, Family Voices of Colorado, #211, Grand Valley Connects, healthcare providers, and schools that direct families in need of support to us.

**Community Engagement:**  
Online Slope Cares Community, where you can connect with other providers and caregivers, share your services, and collaborate in a supportive environment.

**Flexible Options**  
Choose a plan that fits your budget and goals.

# Subscription Tiers:

We are thrilled to offer you an exclusive opportunity to be part of our online resource hub dedicated to serving children and adults with disabilities and their caregivers. Our platform connects families in need with the vital services and resources your organization provides, making it easier for them to find the support they deserve.

By joining our hub, you'll not only increase your visibility among the communities that need your services the most but also contribute to a network that empowers and uplifts families navigating the complexities of disability care. Here's how you can benefit:
