# Rules for the 2026 NJSFAA Marked 3D State

## Championship

### General Rules

- It is a requirement that you must be a member of the NFAA to participate in the New Jersey State Field Archery Association 3D Marked State Championship. Your NFAA Card must be presented at registration to confirm membership. [USA Archery membership is no longer accepted.](#)
- **Shotgun Start at 9 am.** Please arrive by 8 am for target assignments and announcements.
- This is a 30 - 3D target, marked yardage event. Rangefinders are permitted.
- Target scoring, arrow weight, and bow weight and speed restrictions are specific to IBO rules.
- Scoring will be based on IBO scoring rules: 11, 10, 8, 5, or 0 (miss).
- For all Shooting Styles and Divisions women and men shoot together; however, there are separate awards for women and men.
- Barebow Compound, Barebow Recurve, Traditional (Recurve, Longbow, ILF/DAS riser), Bowhunter Limited, and Open limited class are fingers only, no release.
- Crossbows are not allowed in the NJSFAA 3D Marked State Championship.
- Equipment checks will be at the discretion of the tournament committee. It is your responsibility to know the IBO arrow weight and bow draw weight rules. If you are outside the allowable range as defined by IBO, you will be disqualified.
- Ties will be determined by 11- count, if still tied shoot off

### Equipment Rules

- Arrows must weigh at least five (5) grains per pound of the bow's maximum shooting weight unless the archer's equipment qualifies for the exception explained below. Shooting weight is defined as the bow's maximum draw or thrust weight, as set up at the time of competition. A variance of two (2) pounds of draw weight shall be allowed for bow scale variation. Equipment qualifying in this paragraph shall have no limit on arrow speed.
- An exception to the above would be in the case where an archer's equipment, when shot at five (5) grains per pound, does not generate 290 fps, that archer may shoot arrows weighing less than five (5) grains per pound. However, equipment qualifying under this exception shall not exceed an arrow speed of 290 fps. A variance of three percent (3%) will be allowed for chronograph variation.
- A maximum arrow diameter of 27/64 (.422) will be allowed with an allowance of up to .425" for arrow point diameter.

### Maximum Draw Weight

- The maximum draw weight for each class shall be as follows:
  - Cub: 40 pounds
  - All Youth and Young Adult Classes: 60 pounds
  - All other classes: 80 pounds

A two (2)-pound variance for bow scale variation will be allowed

**This is a non-sanctioned NFAA shoot with hybrid IBO/NFAA rules meant to encourage participation and simplify shooting divisions.**

### Awards:

- Plaques will be awarded to the Champion flight of each division/age group only. Medals will be awarded for all other places within the flight system.
- Only **NJSFAA** members will be eligible for awards and records. Non-NJSFAA members who hold NFAA membership, can shoot as a guest.

## Marked 3D Yardage / Stake Guide
