

Dr. Kraskin Wins Research Award

Herald 3/29/37

For outstanding research on emotional difficulties and their effects on the eyes, Dr. Lewis H. Kraskin, of Washington, will receive an honorary fellowship from the Distinguished Service Foundation at its annual meeting tonight in Boston, according to word received here. The foundation is devoted to encouraging research in the conservation and preservation of human vision.

Dr. Lewis H. Kraskin Awarded Fellowship

An honorary fellowship was conferred upon Dr. Lewis H. Kraskin, a local oculist, by the Distinguished Service Foundation, at its annual meeting in Boston, Mass.

Dr. Kraskin was honored for "his outstanding research on emotional difficulties and their effect on eyes."
