Extended Time: Additional time (by the minute) can be purchased for any group routine that exceeds the time limits listed above. Solos, duets, and trios are not able to purchase additional time.

Age Divisions

All ages for the season are calculated as of January 1 of the current year.

- Mini 4-6 years old
- Petite 7-9 years old
- Junior 10-12 years old
- Teen 13-15 years old
- Senior 16-19 years old
- Adult 20+ years old

If a routine has multiple age divisions, they can only compete in one age division lower than their oldest dancer. **Example:** A routine has juniors, teens, and seniors with the average age being junior they can only compete in the teen division as it is one level below the oldest dancer who is a senior.

Dance Styles

Entries may compete in the following styles. Entries with three or more acro passes should be entered in the Acro or Open categories.

- | | | | |
|----------|----------------|-----------|------------|
| • Jazz | • Contemporary | • Hip Hop | • Acro |
| • Tap | • Lyrical | • Musical | • Clogging |
| • Ballet | • Modern | • Theatre | • Open |

NEW! A soloist can only have one solo per category. For example, a dancer can have two solos at the competitive level but they must be in different styles.

Levels

Each routine will compete at one of the following levels:

- **Recreational:** This is the perfect introduction to the competition stage. **NEW!** Dancers should train for less than 3 hours per week including all technique classes, rehearsals, and private lessons. **Soloists at the recreational level may only have one solo.**
- **Competitive:** This level is for the beginner to intermediate dancer. **NEW!** The dancer may take up to five hours per week including all technique classes, rehearsals, and private lessons. Dancers should not execute any advanced turning sequences, jumps, or leaps. **Soloists at the competitive level may only perform two solos.**

- **Elite: NEW!** This level is for the intermediate to advanced dancer who dances for six or more hours a week including all technique classes, rehearsals, and private lessons. The dancer can execute advanced and technical choreography.
- **Pro-Am:** Any routine that has a teacher, choreographer, director, or dancer who is or has been paid to teach or perform must compete at the Pro-Am level. Routines at the Pro-Am level are not eligible for Overall High Score, Choreography, Entertainment, or Most Memorable Awards.

NEW! During registration, levels must be entered for each dancer. The registration software will automatically calculate the level of the routine based on the level of each dancer in a routine. All duets, trios, and group routines will compete at the level in which the majority of dancers fall. For example, a routine with three recreational dancers and four competitive dancers will compete as competitive. You can always bump up their level but you can not bump down a level.

There are no levels for the Improv portion of the competition.

As there is no possible way for any competition to know how many hours a dancer dances each week, levels are at the discretion of the studio. No changes can be made 14 days prior to the event.

Bump Rule

Ignite Dance Competition reserves the right to “bump” a routine to the next level if it is incorrectly placed. If during a performance the judges unanimously agree the level needs to be bumped up and the routine scores High Platinum or above, the studio owner and/or teacher will be notified, and the routine will be moved to the appropriate level. Routines can be moved up but not down. All decisions are final.

Improv Competition

The Improv Competition will be split into 4 age divisions: Petite (4-9), Junior (10-12), Teen (13-15), and Senior (16-19). You can only register for this event onsite at the merchandise table.

All dancers who choose to participate are not permitted to wear a costume. They may wear any sort of dancewear along with the dance shoe of their choice. Props are not allowed with the exception of a personal tap board (which can only be carried on the stage by the dancer).

Once all of the dancers in that age division take the stage, the DJ will play a randomly selected song and the dancers will have 1 minute to improv to the selected song. The song could be any genre of dance. The DJ will count down the last 5 seconds. After time is up, dancers will be asked to make a line at the front of the stage while our judges deliberate. Judges will then have the opportunity to call back dancers that they would like to see again; this process can happen up to 2 times depending on the size of the division. Dancers are judged on musicality, technique, and performance. After the final round of callbacks, a winner will be crowned.

If there are more than 8 dancers in a division, dancers will be split into two groups. If there are 5-10 entries, one runner up will be awarded. If there are 10 or more entries, two runners-up will be awarded.

NEW! If an improv division has less than four dancers, Ignite Dance Competition may combine divisions for the improv portion of the competition.

Preliminary + Final Schedule

Ignite will send each studio a preliminary schedule 10 days prior to the first day of competition. Studios will have two days to make any changes to levels, age divisions, and to add or remove dancers from a routine. Be sure to thoroughly check each of your entries. Five days prior to the first day of competition a final schedule will be provided for all studios. Once the final schedule is released, no changes may be made to the schedule.

Ignite reserves the right to ask routines to perform up to one hour prior to their scheduled performance time. If a routine is not ready to perform at the assigned time or within three routines of their assigned time, the routine will be scored for adjudications only and will not be eligible for overall awards. If a routine does not perform by

the end of its assigned session, it will be disqualified from adjudications.

NEW! Changes made after the final schedule has been sent will be subject to a change fee and will not be printed in the program. Changes made on-site are subject to the approval of the director and a change fee that must be paid onsite. Modification that occurs on-site due to unforeseen circumstances, such as illness or injury, may not be subject to the change fee. This will be at the event director's discretion. Changes include but are not limited to:

- Change of act name
- Change of category
- Change of level
- Change of age division
- Change of division type
- Addition of performer
- Deletion or replacement of performer
- Music file change

Nationals Qualifier

Routines wishing to join us for Nationals must score a High Gold or higher in order to participate at Nationals. Routines that receive lower than high gold will be unable to compete at Nationals.

Routines that compete at the Regional level and choose to compete at Nationals must stay at the same level (ex. Competitive). They may compete a level up, but they cannot move down a level. Group sizes can go down, just not up (ex. A large group could now be a small group for Nationals, but a small group could not compete as a large group).

Nationals Opening Number

Dancers who are invited to participate in opening number at Nationals and plan to attend Nationals should plan to be present for all days of Nationals. There is a \$60 fee associated with opening number to cover the cost of choreography and a commemorative shirt to be worn during their performance.

Registration for opening number will only be open May 12-19, 2025. Dancers must register for opening number even if they receive an invite to join us. No late entries will be accepted. Registration for opening number will be capped at 125 dancers and is provided on a first-come, first-serve basis.

Nationals Challenge of the Champions

At Ignite Dance Competition Nationals, dancers have the opportunity to compete in the Challenge of the Champions. At the end of each group session (Mini/Petite, Junior, Teen, and Senior), the top five group routines (must be a small, large, or super group) of that session will have the opportunity to re-compete and become the ultimate Challenge of the Champions Winner. At the end of the awards ceremony when the top five routines are announced, dancers will have five minutes to change into their costumes, reassemble any props, and meet back on stage for their final performance order. Performance orders will be randomly selected. Once all dancers for that routine have returned backstage, one dancer from each routine will pick a star from the bowl to determine their performance order. Stars will be labeled one thru five and dancers will perform in the order written on the stars. Studios that do not make it back in seven minutes will be disqualified. After the top five routines re-perform, a second runner-up, a first runner-up, and a winner will be announced. Each studio may only have one routine in the Challenge. The Challenge of the Champions is only meant for group sessions and not solos, duets, trios, or productions.

Props

Props are welcome on the Ignite Stage. All props must be assembled within 90 seconds and taken down within 90 seconds. If these requirements cannot be met, it needs to be immediately brought to Ignite's attention. All props must fit through a standard 36-inch-wide doorway. Props placing the dancer 8 feet or

higher off the ground are deemed unsafe and are not allowed.

Props may not be in the wings until directed by the production manager or backstage crew for the safety of all dancers and participants. Props must also be removed from the wings immediately after the routine. Props must be stored away from pedestrian and vehicle traffic and may not remain backstage, in the lobby or in any undesignated location. Props cannot be stored in the venue.

Fire, swords, knives, guns, live animals, powders, liquids, glitter, paint, sand, confetti, etc. are not allowed. If a routine has these props, it will automatically be disqualified, and entry fees will be forfeited.

Dressing Rooms

Dancers will be provided with an area within the venue to change, get ready, and warm-up for their routines. Upon arriving at the venue, please see the merchandise table for directions to your studio's dressing room. Dancers, parents, teachers, and studio owners should be kind and share these designated spaces with fellow dancers and studios. A separate space will be assigned for male dancers to get dressed and warm up. All rooms will be clearly labeled. Only dancers, teachers, studio owners, and one parent or guardian per dancer may enter the dressing room. Ignite reserves the right to remove anyone from the dressing room.

Music

All music **must be** uploaded 14 days before the first day of the competition. All teachers should carry a backup of their music via USB drive. CD's will not be accepted.

Performances

If a dancer or group chooses to re-perform for any reason, except for technical difficulty caused by Ignite, that routine will be scored for adjudication only.

All routines, music, and choreography must be family-friendly. Routines that do not meet these criteria will be adjudicated only and not eligible for overall awards.

Video cameras and still cameras are prohibited inside all competition venues. In order to protect the choreographer's rights and the safety and privacy of all competitors, we reserve the right to confiscate all recording devices (including cellular devices) used during an event and/or disqualify an entry.
