## **Levels:**

Dancers at Ignite Dance Competition may compete in one of three levels:

- Recreational: This level is for the beginner dancer and provides the dancer with an introduction to the competition stage. The dancer may not take more than three hours of dance per week including any class time and private lessons. Soloists at the recreational level may only perform one solo.
- Competitive: This level is for the intermediate dancer. The dancer may take up to six hours per week. Dancers should not execute any advanced turning sequences, jumps, or leaps. Soloists may only perform two solos.
- Elite: This level is for the experienced dancer who dances for seven or more hours a week. The dancer is able to execute advanced and technical choreography. Soloists may only perform two solos.

As there is no possible way for any competition to know how many hours a dancer dances each week, levels are at the discretion of the studio. No division level changes can be made 14 days prior to the event. Ignite Dance Competition reserves the right to move a routine that is not placed in the correct level. If the judges unanimously agree the level needs to be altered, the studio owner and/or teacher will be notified and the routine will be moved to the appropriate level. All decisions are final.

For routines with more than one dancer, they will be entered into the level in which the majority of the dancers fall. For example, a small group with eight dancers where three dancers are elite and four dancers are competitive. The routine will be entered into the competitive level but is welcome to compete at the elite level. The registration system will automatically calculate this for you.

## **Regional Solo Title Competition:**

The Ignite Dance Competition Regional Solo Title Competition is open to soloists who pre register for their respective Regional competition. Adjudication only performances are not eligible to enter or register for the Solo Title Competition. Recreational level dancers and dancers in the Adult age division are ineligible to compete in the Solo Title competition. Soloists can enter only one solo into the Title competition. A separate entry fee will apply for each Solo Title performance.

Solo Title Winners in each city will be recognized at the end of each solo session. They will be invited to apply for the 2022 Ignite Ambassadorship which includes assisting instructors during convention classes, helping with awards, appearing on our social media, and next season's marketing materials. Once a dancer has won an Ignite Title for the season, they are no longer eligible to compete for a title in any remaining cities. They are welcome to compete a solo, but it will not be eligible for Title once a Title has been won.

## **Improv Competition:**

All dancers who choose to enter the “Improv” solo category are not permitted to wear a costume. They may wear any combination of black and/or white dance attire. Once the dancers take the stage, the DJ will play a song and the dancers will have one minute to improv to the song. Dancers in the 12 & under division will all dance to the same song and 13 and over will all dance to the same song each round. The song could be any genre of dance. Depending on the number of entries, dancers may be asked to go in smaller groups or more than once. Dancers are judged on musicality, technique, and performance. Dancers will compete in the categories of 12 & under and 13 & over. Winners of each category will be named as the Regional Improv winner and invited to apply for an Ignite Ambassadorship.

## **Props:**

Props are welcome on the Ignite Stage. All props must be assembled within 90 seconds and taken down within 90 seconds. If these requirements cannot be met, it needs to be immediately brought to Ignite’s attention. In cases where props take longer than 90 seconds to assemble or breakdown, Ignite reserves the right to make a 5-point deduction from the dance’s overall score.

Props may not be in the wings for more than a few numbers prior to the routine (based on the stage manager’s discretion). Props must be removed from the wings immediately after the routine. Props must be stored away from pedestrian and vehicle traffic and may not remain backstage, in the lobby or any inconvenient location. Fire, swords, knives, guns, live animals, powders, liquids, glitter, confetti, paint, sand, etc. are not allowed. All props must fit through a standard 36-inch wide doorway. Props cannot be stored in the venue until the day of the performance. Props placing the dancer 12 feet or higher off the ground are deemed unsafe and are prohibited.

## **Pictures & Videos:**

Video cameras and still cameras are prohibited inside all competition venues. In order to protect the choreographer’s right and the safety and privacy of all competitors, we reserve the right to confiscate all recording devices (including cellular devices) used during an event and/or disqualify an entry.
