# Professional Services Firm Enhances Benefits with No Net Cost

**Business Type:**  
Accounting Firm

**Location:**  
West Coast, USA

### CHALLENGE

This accounting firm wanted to offer better benefits to attract top talent but was constrained by a tight budget. Leadership was also concerned about potential employee disruptions from implementing new programs.

### SOLUTION

The SIMERP™ wellness program added supplemental benefits like guaranteed universal life insurance and 24/7 wellness support on top of their existing health plan—all at no net cost to the company or employees.

### ABOUT THE BUSINESS

 Accounting Firm  
 Implemented with Minimal HR Involvement

### RESULTS

Attracted **two top-tier employees** within three months by offering a more competitive benefits package.

Improved employee satisfaction scores by **40%**, as measured by an internal survey.

Maintained their existing health insurance plan without disruption.

*“The EHP methodology allowed us to offer big-company benefits on a small-business budget. Our team couldn't be happier!”*
