+ The NACHA Operating Rules do not require the consumer's express authorization to initiate Reversing Entries to correct erroneous transactions. However, Originators should consider obtaining express authorization of debits or credits to correct errors

> Written credit authorizations must provide that the Receiver may revoke the authorization only by notifying the Originator in the time and manner stated in the authorization. The reference to notification should be filled with a statement of the time and manner that notification must be given in order to provide company a reasonable opportunity to act on it (e.g., "In writing by mail to 100 Main Street, Anytown, NY that is received at least three (3) days prior to the proposed effective date of the termination of authorization").
